

EARTH DAY

Our "Give Back to Nature" event

In honor and celebration of Earth Day this year, the Village of Greenport is hosting a "call to action", starting at 9:00 a.m. on Saturday, April 17th at the flagpole on Moore's Lane.

Activities will vary from light litter removal to trail/passage clearing, based on personal comfort levels.

Volunteers of all ages and abilities with their own masks, gloves, and tools are encouraged, and welcome to participate.

Please help us renew and revitalize our amazing slice of this heavenly planet.

Let's all do our part to show Mother Earth some heart!
