Re: DEC ID # 1-4799-00106/00001.
PSEG Long Island Greenport to Shelter Island Cable

Dear Applicant Agent :

Please be advised that your application for a DEC permit(s) is complete and a technical review has commenced. Notice and the opportunity for public comment is required for this application. Enclosed is a Notice of Complete Application for your project. Please have the Notice published in the newspaper identified below once during the week of 9/4/2017 on any day Monday through Friday.

The official newspaper of the Village of Greenport.
Contact the Village Clerk's office to confirm the official newspaper.

On the Notice of Complete Application, that information presented between the horizontal lines, on the enclosed page(s) should be published. Do not print this letter or the information contained below the second horizontal line. Please request the newspaper publisher to provide you with a Proof of Publication for the Notice. Upon receipt of the Proof of Publication promptly forward it to this office. You must provide the Proof of Publication before a final decision can be rendered on your application. You are responsible for paying the cost of publishing the Notice in the newspaper.

Notification of this complete application is also being provided by this Department in the NYSDEC Environmental Notice Bulletin.

This notification does not signify approval of your application for permit. Additional information may be requested from you at a future date, if deemed necessary to reach a decision on your application. Your project is classified major under the Uniform Procedures Act. Accordingly, a decision is due within 90 days of the date of this notice unless a public hearing is held, which may extend this time frame. If a public hearing is necessary, you will be notified.

If you have any questions please contact me at the above address or phone number above.

Sincerely,

JOHN A. WILSON
Division of Environmental Permits

THIS IS NOT A PERMIT

New York State Department of Environmental Conservation
Notice of Complete Application

Date: 08/23/2017

Applicant: LONG ISLAND ELECTRIC UTILITY SERVCO LLC
C/O PSEG SERVICES CORP
80 PARK PLZ T17
NEWARK, NJ 07102

Facility: PSEG Long Island Greenport to Shelter Island Cable
St Rte 25, 5th St, Summerfield Pl, Clinton St, Waverly Pl & Chase Ave
Greenport, NY 11944

Application ID: 1-4799-00106/00001

Permits(s) Applied for: 1 - Section 401 - Clean Water Act Water Quality Certification
1 - Article 25 Tidal Wetlands
1 - Article 24 Freshwater Wetlands

Project is located: In MULTIPLE TOWNS in SUFFOLK COUNTY

Project Description:

The proposed project is located within the Town of Southold (including the Village of Greenport), the Town of Shelter Island (including the hamlet of Shelter Island Heights) and within the land underneath the bottom of the Shelter Island Sound North. The Project involves the installation of a new 13kV underground feeder cable to reliably supply electric power to Shelter Island obviating the need to rely on temporary emergency generation that had been placed on Shelter Island during the summer following the loss of a 13kV submarine feeder crossing Shelter Island Sound North. Additionally, the project will support the growing energy needs of the Town of Shelter Island. The new cable will replace the primary feeder cable to Shelter Island that was damaged and failed following Hurricane Sandy in November 2012. The new feeder cable will be approximately 3.1 miles long, originating at the Southold Substation in the Town of Southold and terminating on Chase Avenue in the hamlet of Shelter Island Heights. The project route has three sections: Southold to Greenport (North Fork) Land Feeder Cable Route, Greenport to Shelter Island Horizontal Directional Drill (HDD) Crossing, and Shelter Island Land Feeder Cable Route.

Availability of Application Documents:

Filed application documents, and Department draft permits where applicable, are available for inspection during normal business hours at the address of the contact person. To ensure timely service at the time of inspection, it is recommended that an appointment be made with the contact person.

State Environmental Quality Review (SEQR) Determination

Project is an Unlisted Action and will not have a significant impact on the environment. A Negative Declaration is on file. A coordinated review was performed.

SEQR Lead Agency Long Island Power Authority

State Historic Preservation Act (SHPA) Determination

The proposed activity is not subject to review in accordance with SHPA. The application type is exempt and/or the project involves the continuation of an existing operational activity.

Coastal Management

This project is located in a Coastal Management area and is subject to the Waterfront Revitalization and Coastal Resources Act.

Availability For Public Comment

Comments on this project must be submitted in writing to the Contact Person no later than 09/21/2017 or 15 days after the publication date of this notice, whichever is later.
