The Village of Greenport
Sylvia Lazzari Pirillo, RMC - Village Clerk
236 Third Street
Greenport, NY 11944

Subject: Request for Proposals Package – Proposals of Architectural/Engineering Design, Bidding and Construction Administration/Inspection Services for Greenport Municipal Utility Microgrid Project

Dear Ms. Pirillo:

We kindly request clarification and answers to the following questions:

1. Is Greenport's wholesale electricity contract going to be available for our review? **YES**
2. Are up-to-date single line diagrams and fault current contributions at all points of common coupling available? **NO**
3. Are any generator test reports/as-built O&M information available for the existing generators? **YES**
4. Is there criteria to determine the complexity that would dictate whether construction meetings are weekly, bi-weekly, or monthly? **NOT AT THIS TIME - TO BE DETERMINED AFTER AWARD.**
5. Same question for construction inspections **NOT AT THIS TIME - TO BE DETERMINED AFTER AWARD.**
6. Is any pole inspection data available? Does a pole inspection database exist? **NO / NO**
7. Is there record information showing aerial distribution spans and circuit type? **NO**
8. The RFP advertisement indicated responses are due 3:00 on March 8, while the RFP indicates 10:00 am on March 8. Can you confirm the correct time. Also, if the time is 10:00 am, Burns Engineering requests an extension to some time after 12:00 noon on March 8 to allow for priority overnight deliveries sent on March 7 arrive in time. If kept at 10:00 am, proposals will have to be sent Fed-Ex on March 6 for delivery March 7.

PLEASE SEE AMENDMENT #1 AS POSTED ON OUR WEBSITE: www.villageofgreenport.org

Thank you,

David Smith
