Re: F-2016-0918  
U.S. Army Corps of Engineers/New York District  
Permit  
Application – PSEG Long Island  
NYS DEC Application  
Install new 13 kV electric line via HDD  
Shelter Island Sound, Greenport and Shelter Island,  
Suffolk County  
**No Review Necessary**

Dear Mr Aldrich:

The Department of State received your Federal Consistency Assessment Form and supporting information on October 03, 2016. From the information provided, it appears that the proposed action may be authorized by the Army Corps of Engineers under a Nationwide Permit that the Department of State has already conditionally concurred with, and as such further review by the Department of State is not required.

Should the Army Corps determine that the proposed project may not be conducted under the Nationwide Permit program or if the project is modified, please contact the Department of State to determine if further review is required.

This is without prejudice to and does not obviate the need to obtain all other applicable license, permits, other forms of authorizations or approvals that may be required pursuant to existing New York State statutes. Specifically, it appears that you may require authorization from the New York State Department of Environmental Conservation (DEC). Please contact the DEC region 1 office to determine if their authorization is required.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeffrey Zappieri".

Jeffrey Zappieri  
Supervisor, Consistency Review Unit  
Office of Planning and Development
