### **GOOD OF THE DEPARTMENT**

- B. Purcell said that he has been playing around with the thermal imaging cameras and there is so much more that we can do with these. He said that there needs to be training on how to use them. C. Harris said that there is a software update coming out so they are waiting for that so they can do both at once.
- 2. B. Purcell also mentioned doing some training on the elevators since there is a lot of new members.
- Motion made by Robert Jester, seconded by Wayne Miller, to have Mary Bess Phillips return to the Village Board and requests that they pursue a Port Security grant to fund the purchase of the fire boat to be used by the GFD.
- 4. Motion made by Robert Jester, seconded by Wayne Miller, to have Mary Bess Phillips request that the Village pursues a MOU (memorandum of understanding) with the Coast Guard. Motion Carried. This will begin the process of training that is needed before we apply for the grant.
- 5. Robert Jester also wanted to mention that the next boat meeting is 8/3/22. The committee feels that it is time to form a marine fire rescue squad arranged much like the current Rescue Squad.
- 6. R. Jester also reported that he has a video update on where they are with the boat plans that was shared with three companies plus Rescue and he plans to get the other two companies at next month's meeting.

- 7. R. Jester speaking on behalf of two members, wanted a reminder that at any rescue or fire call proper PPE is needed for each member working at an emergency. Also, that we have a zero tolerance at an emergency. Chief Manwaring said that it is a policy.
- 8. C. Harris asked if 15 is back. Chief Manwaring reported that it would be back tomorrow. C. Harris asked if it was serviced. Chief Manwaring said that it was not, the PO was only for an air leak. C. Harris said that we talked about the maintenance thing and we are in a new budget year and none were serviced yet so we need to start. If we have one out it should be serviced rather than having it go back out.
- 9. C. Harris said that Ellen's on Front has a cryogenic CO2 cylinder. He said that they can leak and we don't have any way to meter it and we should. Mary Bess Phillips suggested reporting it to code enforcement because it might not be to code. Cliff Harris said that there could be more in town and we need a way to detect it. He also said that he thinks they are supposed to have their own meter, but would like the GFD to have one because they can only trust their own equipment. He got prices on meters. There is a meter that detects the one gas for \$842.16 and a 6 gas meter for \$3,100. Motion made by John Grilli, seconded by Robert Corwin, to purchase the 6 gas meter and keep it on 8-3-15. Motion carried.
- 10. C. Harris would like to switch out the Dewalt sawzall and drill they have for Milwaukee products now that that is the majority of what they have.
- 11. Cliff Harris asked why there are no helmets or boots for the gear. 2<sup>nd</sup> Asst. Chief Johnson said that they are ordered but are having a supply chain issue.
- 12.Bernard Purcell said that on the calendar it says that there is training tomorrow. He wants to make sure that the calendar is accurate. 2<sup>nd</sup> Asst. Chief Johnson said that Chips calendar was correct, ours was wrong. Cliff Harris said maybe we can ask for a draft and review it before it goes out.
- 13. Wayne Miller said that Scott spoke with the company that is doing the carpet and they are coming in September.
- 14. Motion made by Cliff Harris, seconded by Wayne Miller, to allow Phenix Hook and Ladder Co. #1 the use of the Sta. #1 meeting room on Sunday, October 2<sup>nd</sup> for a 50 year celebration of a member. Motion Carried.
- 15. C. Harris got prices for the 6ft round tables. \$157 a table. He needs to know how many to purchase. He will order 10 of them using money from the Woods Trust.

- 16. C. Harris reported that his company got a letter from member Heather Trippani asking for a leave of absence. Motion made by R. Corwin, seconded by C. Harris, to approve the leave of absence. Motion Carried.
- 17. Chief Manwaring said that new hydrants were put in on the schools property and they got the wrong threads. One is by 6<sup>th</sup> Avenue right where they go in by the pole and another down further. Chief Manwaring will ask W. Jensen if he knows the right size.
- 18. Chief Manwaring also reported that the school has 2 old mini buses and asked the GFD if they want them for training, they need them gone ASAP. Motion made by Cliff Harris, seconded by Robert Corwin, to take the buses for training and put them where the van is. Motion Carried. A letter will be sent to the school.
- 19. Chief Manwaring said that the fit testing company went over their records and there are some members that need to be fit tested and EMS tested. He said there might be some that got it done at Plum Island and just didn't turn it in. He will set up an appointment for that.
- 20. Chief Manwaring said that he has 10 members that need turn out gear and 12 who need Class A uniforms. We will get POs for that. Ryan Creighton is getting the demo turnout gear from Globe.
- 21. John Grilli said that George Capon said that he handed in a receipt for fuel for the old 33 from Memorial Day. Chief Manwaring said that he hasn't seen it. J. Grilli said it was somewhere between \$60-\$80 and to ask 1<sup>51</sup> Asst Chief de Kerillis because he might have it.
- 22. C. Harris said that for the bunker gear, both are on state bid and we need to choose which to purchase. The Globe is \$3,350. Lion has two options \$3,135.40 or going a step down in outer shell for \$2,717.20. He is waiting on prices for helmets and boots. GFD is going to go with Lion at \$3,135.40.
- 23. Robert Corwin asked if the invite was sent back to back to Medford's FD since they were approved to go.
- 24. Robert Corwin mentioned that Suffolk County FRES is trying to set up mini task forces for major emergencies and disasters. There is a survey to fill out if there is any interest on being on any of the task forces.
- 25. Robert Corwin reported that his company wanted him to mention that Monday Holidays have been an issue the last couple of years. He said that they would like to go back to the old way of moving our meeting to the second Monday and the other company to the third Monday when they fall on a holiday.

- 26. Robert Corwin asked if we are any closer to providing a gym membership for the members. Wayne Miller said that he thought Norma Corwin was going to come up with rules/policy about it.
- 27. R. Corwin also mentioned that we didn't act as a board about the fire extinguisher class that was held here. Chief Manwaring said that he knew about it and he was a Cutchogue FD member and was using their equipment and just needed a place to hold it. Chief Manwaring told 1<sup>st</sup> Asst. Chief de Kerillis about it since he wasn't going to be at the meeting, but it must have been misunderstood.
- 28. Robert Jester requested an executive session.
- 29. Robert Corwin said that there used to be a list of who Class A,B,C fire fighters are and we don't have it any more. He said that we should have that again. Chief Manwaring said that it used to be hanging up, he didn't realize it was missing.
- 30. John Grilli said that there used to be a list of the Chiefs, Wardens, and Officers and how to get in touch with them if needed. We should do that again as well.
- 31. C. Harris said that a year ago we had a demo on software for finger reader for LOSAP, screens for runs as they come up, automatic texts and inventory. At the time we didn't do it because it was expensive. They said that we can spread it out over 2 years instead of paying at once. We would need a RFP because of the price. It is \$35,011.50. He said he can set up another demo at Cutchogue or Mattituck since they use it. Mary Bess Phillips asked if there is a reoccurring cost. Cliff Harris said that he has to find out about the reoccurring cost. He will bring more info next meeting.
- 32. Mary Bess Phillips asked if GFD has security cameras. Chief Manwaring said that we do, but we can't get on to do anything with them. Mary Bess Phillips mentioned that the Village has a new IT company. She said the Village is in the process of doing an upgrade to theirs and will ask about GFDs as well.
- 33. Mary Bess Phillips said that 1<sup>st</sup> Asst. Chief de Kerillis mentioned that new computers are needed for the office. Chief Manwaring said that his computer doesn't work. Mary Bess Phillips said that she will reach out to the IT company.
