THOSE WISHING TO ADDRESS THE BOARD -

- 1. David Nyce brought up how GFD has been inundated with calls and 75% of them are rescue calls. He said that it is time that the board addresses the need to recruit and retain EMTs. He said that he thinks eventually it's going to have to go to paid or partial paid because there isn't enough people stepping up. He also mentioned that the Rescue Squad has no direct representation on the board, but each company has two Warden's to bring their issues to. This is an issue that needs to be addressed. He explained that he's only been an EMT for two years and he's burnt out. He said that the Officers are not treated with the same respect as company officers.
- 2. David Nyce also wanted to bring up the agreement with Peconic Landing- it was supposed to take stress off the Rescue Squad. He said the EMTs don't ride, they don't so PCRs, and they don't restock the ambulance. He said that they don't ride outside of Peconic Landing because they get their points from the Peconic Landing calls. He also mentioned that they don't have as many EMTs as they did additionally. He said generally, there isn't coverage at night. Helen Reiss mentioned she was there in support of David.

UNFINISHED BUSINESS -

1. 1st Asst. Chief de Kerillis said that after 2 years and 4 months the Chief's car arrived to Firematics Aug 11th and it is just waiting for safety package. He inspected it and accepted it as it. He would like the Warden's to accept the car as per his inspection and as per another inspection on the 23rd so it can go to Village Board and not be delayed. B. Purcell asked if every 2 years you get a new vehicle. 1st Asst. Chief de Kerillis explained that every 32 gets a new vehicle to carry them through until end of Chief line (6 years). Covid hit when he was supposed to get his. Motion made by Robert Corwin, seconded by Wayne Miller, to accept the Chief's car based on Chief de Kerillis' inspection. Motion Carried. 2nd Asst. Chief Johnson's Chief Car came info discussion and discussion ensued about 1500 vs 2500 and why he went with 1500 and the differences between the two. 2nd Asst. Chief Johnson wants to get the Specs over to Robert Brandt. C. Harris said

that he would like to see it be a 2500 so that we can eventually replace 9 with it.

- 2. Chief Manwaring reported that he got the specs in for the Rescue Squad's ambulance. Next month they'll be back with the proposal.
- 3. Cliff Harris said that 10 6ft round tables with shipping was \$700 so he didn't order them. He has a call out to Peconic Landing to see where they got theirs from. Antone Volinski III said they just got new ones and he'll look into where they got them.
- 4. Cliff Harris reported that there is a reoccurring cost for the Fire Rescue Systems and it is 12% per year for updates and maintenance so that is another \$4,000 per year.
- 5. Cliff Harris also brought up the bail out ropes. They postponed training because people were concerned. He had a train to trainer set up. First class would be a trainer teaching and second class would be those people training others. People were concerned about liability. Robert Corwin said we need to use a third party, we don't even test hoses anymore because of liability. Cliff Harris said that we do not test hoses anymore because of manpower not liability. Much discussion ensued about having in-house training vs third party after initial training. Motion made by J. Milovich, seconded by W. Miller, to have C. Harris set up the training for the bail out ropes. Motion Carried.
- 6. Antone Volinski III said that he was told that \$1,800 was paid out of our account in April for the monument, but he doesn't see that he got paid on the treasurer's report. 1st Asst. Chief Alain de Kerillis will have it paid out of the May Mile Fund.
- 7. Scott Hollid asked where we were with the chairs for the meeting room. 1st Asst. Chief de Kerillis said he needs info on what Jim Kalin ordered. He's waiting on that from him. A. Volinski III said that his order was cancelled. A. Volinski gave 1st Asst. Chief de Kerillis info on chairs to order. It was \$95 dollars a chair, ends up being \$3,800 for 40 chairs. It will be taken out of the May Mile Fund. We will also need 1 or 2 dollys.

REPORTS OF DELEGATES- No Report.

NEW BUSINESS- No Report.

GOOD OF THE DEPARTMENT

- Chief Manwaring said that Rob called about the Ladies Auxillary. They
 have two members and they have an insurance policy. He is redoing the
 insurance policy and wants to know if we should keep it or drop it. Robert
 Corwin said that they do march with us and serve chowder, I would keep
 it.
- 2. Robert Jester reported that on the boat they finished performance specs and tried to send it to at least 3 members of each company and the Chiefs. He said they made progress on the MLU with the Coast Guard. The Village Board and The Mayor is working hard on getting politicians to support us. The committee is looking into a trip to Virginia to look at a boat similar to the one that they are doing specs for.
- 3. Robert Corwin said that when we started the 175th Anniversary committee they ordered a banner that was a temporary one because they couldn't get a stitched banner. There is money left over in the account that they talked about splitting between the companies, but before that happens he wants to contact All American Awards and get a price for a legitimate banner instead of the silk screen one. Robert Corwin got permission from the Board of Wardens to get a price.

- 4. Robert Jester asked if his Captain can get the code for the gator. Robert Corwin said that he can, but he needs to be trained with someone. 4 people have training to teach. He said that having only 4 people that can drive department equipment is ridiculous. Robert Jester asked who approved the code box. It should not be locked up, it's wrong. Robert Corwin explained that it is seen as a toy and it shouldn't be. It goes a lot faster than the old gator. The Chief Driver is willing to do training on it. Chief Manwaring said that the old gator's keys were locked in the Chiefs' office. Chief Manwaring said he was aware of the box being there. Wayne Miller asked if there was training when we first got it. Robert Corwin said that there was training, a few people got trained. Chief Driver will set up more training on an available Sunday.
- 5. Antone Volinski mentioned that the Sept 11 2022 deadline to sign up for the victim's compensation fund is coming up. Anyone that went to the Twin Towers should be registered. If you aren't registered and something happens you won't get anything from it. A. Volinski has forms and info for those that might have questions or need help.
- 6. 1ST Asst Chief de Kerillis said that a couple of years ago we had volunteers with the old 33 and did a great job and they built a shed to keep their equipment. He wants the Warden's to go back to their companies and tell them to keep that area clean, if it's not the member will get a written warning.

EXECUTIVE SESSION

Motion made by Wayne Miller, seconded by Antone Volinski III, to adjourn to an executive session. Motion Carried. Adjourned to executive session at 8:25pm. Upon returning from executive session, a motion made by Wayne Miller, seconded by Joseph Milovich, to resume with the regular meeting. Motion Carried. Regular meeting resumed at 9:12 pm.

- 7. Motion made by A. Volinski III, seconded by Robert Jester, to accept the 2% money as written and have treasurer pay the bills for the monument and tables and chairs. Motion Carried.
- 8. Motion made by A. Volinski III, seconded by W. Miller to let 2nd Asst Chief Johnson get a new Chief truck, but it should be a 2500 series and talk to Robert on how we can pay for it. Motion Carried.
- 9. The Necklace drawing was pulled and it was won by Eagle Hose member.

READING OF THE MINUTES

Motion by John Grilli, seconded by Wayne Miller, to dispense with the reading of the minutes of tonight's meeting. Motion carried.
