PUBLIC COMMENTS

RESOLUTIONS

RESOLUTION # 12-2024-24

RESOLUTION awarding the 2025 annual contract for the delivery of No. 2 heating oil to Burt's Reliable Inc., the sole bidder, at a bid price of twenty cents (\$.20) per gallon over rack price, per the bid opening on December 18, 2024, and authorizing Mayor Stuessi to sign the contract between the Village of Greenport and Burt's Reliable, Inc.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Mary Bess Phillips, Trustee
SECONDER:	Lily Dougherty-Johnson, Trustee
AYES:	Brennan, Dougherty-Johnson, Phillips, Robins, Stuessi

RESOLUTION # 12-2024-25

RESOLUTION awarding the 2025 annual contract for the delivery of diesel fuel to Burt's Reliable Inc., the sole bidder, at a bid price of twenty cents (\$.20) per gallon over rack price, per the bid opening on December 18, 2024; and authorizing Mayor Stuessi to sign the contract between the Village of Greenport and Burt's Reliable, Inc.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Lily Dougherty-Johnson, Trustee
SECONDER:	Patrick Brennan, Trustee
AYES:	Brennan, Dougherty-Johnson, Phillips, Robins, Stuessi

RESOLUTION # 12-2024-26

RESOLUTION awarding the 2025 annual contract for the removal of snow as required on Village streets to Stanley F. Skrezec, the sole bidder per the attached bid prices, per the bid opening on December 18, 2024; and authorizing Mayor Stuessi to sign the contract between the Village of Greenport and Stanley F. Skrezec.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Patrick Brennan, Trustee
SECONDER:	Julia Robins, Trustee
AYES:	Brennan, Dougherty-Johnson, Phillips, Robins, Stuessi

RESOLUTION # 12-2024-27

RESOLUTION awarding the 2025 annual contract for the performance of contractor services to Stanley F. Skrezec – the lowest bidder per the attached bid prices, per the bid opening on December 18, 2024; and authorizing Mayor Stuessi to sign the contract between the Village of Greenport and Stanley F. Skrezec.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Julia Robins, Trustee
SECONDER:	Mary Bess Phillips, Trustee
AYES:	Brennan, Dougherty-Johnson, Phillips, Robins, Stuessi

RESOLUTION ## 12-2024-28

RESOLUTION dredging at Stirling Creek Harbor

Whereas, the Village has been issued a permit by the DEC permitting the dredging of Sterling Basin inlet, and Whereas, the inlet has experienced shoaling and narrowing, and Whereas the inlet serves as an access point for recreational, commercial, and maritime activities, and Whereas, the Village desires to perform the work dredging work prior to the DEC's seasonal restriction intended to protect fish spawning and nesting, and Whereas, it has been reported that the cost of the work will be \$24,000, and Whereas Safe Harbor Marina has offered to enter in to an agreement with the Village to perform the dredging work and to fund whatever said the remainder is \$ 17,040 and the Village to fund the remaining \$6,960 of the cost of the dredging work. Now, therefore, the Board previously determined the proposed work is an unlisted action under SEQRA, not likely to have a significant adverse environmental impact and confirms that same finding. Agrees to enter into an agreement with an entity to provide Safe Harbor Marina to provide funding at the cost of the numbers I just stated. And the performance of the dredging work pursuant to an agreement as approved to inform and substance by the Village attorney and authorizes the mayor to execute such agreement.

RESULT:	ADOPTED [3 TO 0]
MOVER:	Kevin Stuessi, Mayor
SECONDER:	Lily Dougherty-Johnson, Trustee
AYES:	Lily Dougherty-Johnson, Julia Robins, Kevin Stuessi
RECUSED:	Patrick Brennan, Mary Bess Phillips

VILLAGE OF GREENPORT WORK SESSION REPORT

TO: MAYOR STUESSI & TRUSTEES
FROM: TRUSTEE BRENNAN
DATE: 12/18/2024

FOR DISCUSSION PURPOSES STIRLING BASIN INLET – DREDGING PROJECT

OVERVIEW

There are approximately 550 acres of water in the entire Greenport Harbor, most of which is deep-water. About 60 acres are within the well protected and shallower, Stirling Basin. Channel depth into the Basin is about 8 feet. Bottom composition is thick silt in the center with sand at the perimeter. Much of the inner anchorage also measures about 8 feet in depth. The outer anchorage (not in use) has experienced significant shoaling and measures approximately 4-6 feet in depth.

2023 AERIAL VIEW OF STIRLING BASIN

SUFFOLK COUNTY BASE MAP – STIRLING BASIN

The inlet to the Basin, at the narrowest point, is bounded by bulkheading to the west near the terminus of Sterling Ave, and a natural shoreline to the east at Sandy Beach. Sandy Beach is designated as a Village park, the shoreline of which is influenced by the dynamics of moving water and sand. Historic reports suggest that the shoreline fronting the homes along Beach Road has receded, reducing the amount of beach area directly south of the homes. Ongoing observations indicate that the peninsula forming the western tip of Sandy Beach (eastern edge of channel) continually accretes, extending the land mass in a generally westward direction.

The accreting sand on the natural shoreline of Sandy Beach negatively impacts the basin inlet in two interrelated ways. First, it appears that the width of the inlet opening (and channel) is decreasing, year-over-year, from historic dimensions in excess of 100 feet, to its current much reduced width. Second, the natural shoreline of Sandy Beach creates shoaling along the eastern side of the inlet, reducing the available depth and consequently reducing the usable width of the channel. As of 12/18/2024 the maximum available width of open water, at the inlet's narrowest point measured 75 feet across at low tide, and 105 feet at high tide. When accounting for vessels docked on the western shore and the angle of repose of the natural eastern shore, the effective navigable channel width is approximately 50 feet at both low and

high tides. This represents an overall decrease of 50% in available channel width. The increasingly narrow entrance creates a hazard to navigation, impacting the high-volume traffic of seasonal recreational boaters, as well as the year-round commercial traffic of fishing, aquaculture, and marine construction vessels.

The interplay of reduced channel width and depth effectively bottlenecks the two-way boat traffic, forcing oncoming vessels to pass dangerously close together, close to vessels docked along the western shore, and close to the shoal draft conditions of Sandy Beach. Sailboats with deep-draft keels must give wide berth to the eastern shore to avoid grounding. Commercial vessels with wider beams and deeper drafts are severely limited in their course, with very little leeway for error. All of which present challenging conditions for safe vessel operation.

(RED lines indicate approximate location of 100 foot wide Federal Project channel)

BACKGROUND

FEDERAL PROJECT [DHMP 1998]

Greenport Harbor has a Federal Project, the only one on the bay side of the North Fork. It is composed of a breakwater, a channel with aids to navigation and two anchorages. Data from the Army Corp of Engineers states that the project was last studied and upgraded in 1986 at a cost of \$74,681 with local cooperation.

The Federal breakwater extends out from Youngs Point. It is a rubble-mound breakwater about 1,570 feet long. Local knowledge says this breakwater overtops in storm conditions and does not provide adequate protection to the Harbor. A potential for breaching may also exist on the landside.

Inside (west of) the breakwater is the Federal channel. It leads into Stirling Basin. The channel was first authorized by the Rivers and Harbor Act of August 1882, modified by subsequent acts in 1890 and 1937. The Federal channel has a design depth of 8 feet and 100 foot wide. Its total length is about 0.3 miles.

There are two anchorages. The larger one is in Stirling Basin. It is defined as some 360 feet wide and 1,000 feet long. Total water area is 8.3 acres. A portion of this anchorage is managed by the Village for public moorings. The mooring field is split into a west and east field on both sides of a Village designated 100-foot-wide main channel that passes through the anchorage. The west field is triangular in shape, about 250 feet wide at its widest and 800 feet long, covering about 2.3 acres. The east mooring field is about 300 feet wide at its widest and 750 feet long, covering about 2.6 acres. There are public moorings, but for safety reasons anchoring is not permitted in the basin.

A second anchorage is outside the basin and inside the Youngs Point breakwater. It is identified as having a design depth of 9 feet and covers about 5 acres. This anchorage is unusable due to shoaling that has created a depth of 4 feet or less. Dredging of the anchorages was not part of the 1986 project.

(YELLOW lines indicate east & west VOG mooring fields)

PRELIMINARY EXAMINATION OF THE HARBOR OF
GREENPORT, N. Y.

LETTER

FROM

THE SECRETARY OF WAR,

TRANSMITTING,

With letter of the Chief of Engineers, report of a preliminary examination of harbor of Greenport, N. Y.

DECEMBER 6, 1894.—Referred to the Committee on Rivers and Harbors and ordered to be printed.

WAR DEPARTMENT,
Washington, December 4, 1894.

SIR: I have the honor to inclose herewith a letter from the Chief of Engineers dated December 1, 1894, together with a copy of a report from Lieut. Col. H. M. Robert, Corps of Engineers, dated October 26, 1894, of a preliminary examination made by him in compliance with the provisions of the river and harbor act of August 17, 1894, of harbor of Greenport, N. Y.

Very respectfully,

DANIEL S. LAMONT,
Secretary of War.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES:

OFFICE OF THE CHIEF OF ENGINEERS,
UNITED STATES ARMY,
Washington, D. C., December 1, 1894.

SIR: I have the honor to submit the accompanying copy of report, dated October 26, 1894, by Lieut. Col. H. M. Robert, Corps of Engineers, giving results of preliminary examination of harbor of Greenport, N. Y., ordered by river and harbor act of August 17, 1894.

A project for the improvement of the harbor by the General Government was completed in 1893, but in the opinion of Colonel Robert this locality is worthy of further improvement by the United States, with the object in view of deepening the anchorage ground in Sterling Basin and widening and deepening its approaches; and in this opinion I concur.

AUTHENTICATED
U.S. GOVERNMENT
INFORMATION

GPO

FEDERAL PROJECT – BREAKWATER, CHANNEL & ANCHORAGES

DREDGING HISTORY AND NEEDS [DHMP 1998]

Dredging in the Harbor is performed by the US Army Corp of Engineers (the Federal channel & anchorages), the Suffolk County Department of Public Works (around the LIRR dock), and is contracted locally by private marinas. The following conditions pertain to Harbor dredging and channel maintenance:

- The US Army Corp of Engineers maintains the Federal Channel into Stirling Basin. Data shows it was last dredged in 1976, with prior dredging in 1959 and 1963. Dredge material amounted to 163,900, 129,200, and 12,000 cubic yards, respectively, in each of those years. One disposal site was southeast of the St Agnes Cemetery.
- In 1983, about 41,700 cubic yards of dredge material was removed from the railroad dock to ensure sufficient depth for the commercial fleet. Disposal was in the main channel just east of Fanning Point.

DEPTH OF WATER [DHMP 2012 UPDATE]

In July 2009, the Federal government took soundings with the limits of the Federal Project. This data are presented in the Appendix F. They show depths of 6.5-14.4 feet in Sterling Basin anchorage, 6.7-19 feet in the channel, and 4.7-13.2 feet in the Federal anchorage inside the breakwater (this data suggest shoaling inside the breakwater over the past 7 years).

In 2009, the Army Corps survey found that the project depth of 8 feet is available for the entire length of the entrance except for the last 400 feet of the entrance channel where shoaling is present. The left and right outside quarters and the middle half of the channel were found to have depths of 6.7, +1.7, and 1.9 feet, respectively.

SHORELINE STRUCTURES AND NATURAL EDGES [DHMP 2012 UPDATE]

The Sandy Beach spit extends to the west and forms the entrance to Sterling Basin. It appears to be migrating west and filling the basin entrance with sediment as its shoreline erodes. There is also concern the monument located on the southern shore of the spit will be washed out if the shoreline is not stabilized.

PERMITTING

The Village currently holds an active permit with the NYSDEC, allowing for dredging of the shoaled peninsula area and the placing of spoils upland. The permit has an effective date of 12/16/2019 and an expiration date of 12/15/2029. The permitted activity was determined to be a TYPE II Action (not subject to the procedural requirements of SEQR).

It has been the practice of prior Village administrations to not require Wetlands review for projects on Village-owned properties and facilities. [*Counsel to advise/comment*]

DEC Permit Application Detail

Application ID:	1-4738-04139/00005
Facility:	Stirling Basin Village Channel
Location:	Between E End of Sterling Ave & SW End of Beach RD 1001-5-4-39.6, Greenport, NY 11944
Town or City:	Southold
Applicant:	Greenport, Village of
Permit Type:	Excavation & Fill in Navigable Waters
Application Type:	New
Date Received:	03/22/2019
Status:	Issued as of 12/16/2019
Complete Status:	Complete as of 06/14/2019
UPA Class:	Minor
Short Description:	DREDGE SHOALING PENINSULA @CHANNEL EDGE TO -6'MLW, PLACE ON UPLAND
ENB Publication Date:	
Written Comments Due:	
SEQR Class:	Type II Action
SEQR Determination:	Not Applicable
Lead Agency:	None Designated
Environmental Justice:	The application is not subject to the Department's Environmental Justice policy (CP-29). Either the permits needed for the project are not subject to the policy or it has been determined that the project would not affect a Potential Environmental Justice Area.
SHPA Status:	The proposed activity is not subject to review in accordance with SHPA. The application type is exempt and/or the project involves the continuation of an existing operational activity.
Coastal Zone Status:	This project is located in a Coastal Management area and is subject to the Waterfront Revitalization and Coastal Resources Act.
Final Disposition:	Issued as of 12/16/2019
Permit Effective Date:	12/16/2019
Permit Expiration Date:	12/15/2029
Stimulus Project:	No
Other Known IDs:	1001-5-4-39.6 - Tax Map Number (each county)

DEC PERMIT APPLICATION DETAIL

OWNERSHIP & JURISDICTION

In Greenport, most underwater lands are owned by the State of New York and individuals who have received riparian conveyances from the State [DHMP 1998]. A portion of Stirling Basin (approx. 3.6 acres) lies within the Town of Southold and is part of the Town Trustee underwater land holdings [DHMP 1998]. The portion of Stirling Basin within the Village of Greenport was not part of the Andros Patent and so it is not subject to Southold Town Trustee jurisdiction [DHMP 1998].

[LEGAL NOTE: When riparian or littoral land bordering on a body of water is increased due to accretion, the new land thus formed belongs to the owner of the upland area.][Counsel to advise/confirm.]

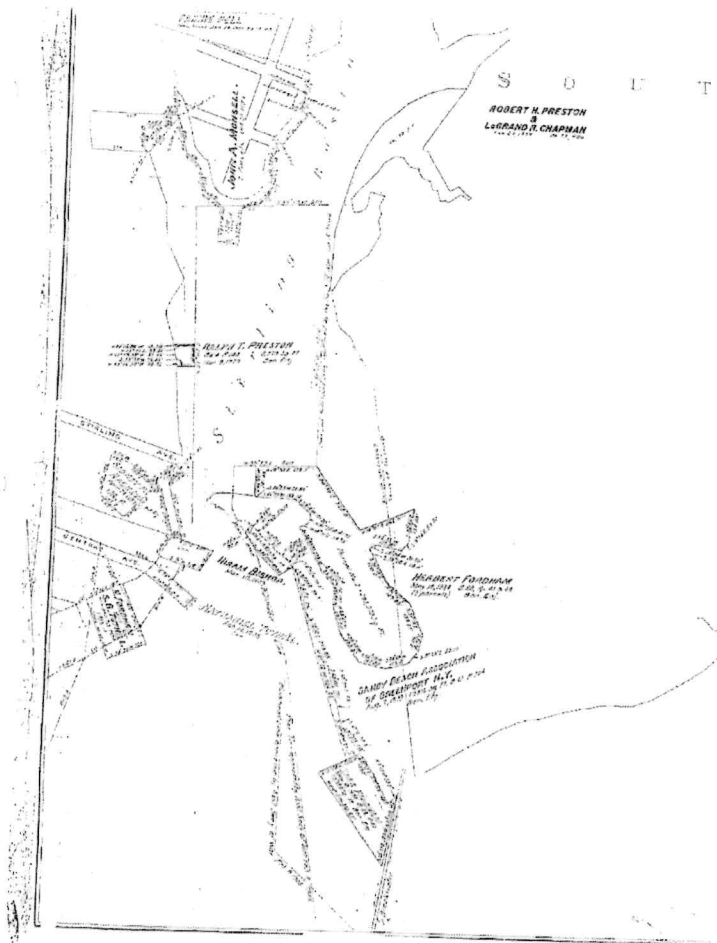

FIGURE 2-6a

VILLAGE OF GREENPORT UNDERWATER LANDS – PARTIAL [DHMP 1998]

LAND USES & ENTERPRISES

Land uses contiguous to the Basin, within the Village include:

- 1-Family Residential (R-1) 17 parcels (approx.)
- 2-Family Residential (R-2) 6 parcels (5 Historic)
- Commercial Retail (C-R) 2 parcels
- Waterfront Commercial (W-C) 15 parcels (approx.)
- Park District (P-D) 1 parcel

VILLAGE OF GREENPORT ZONING MAP – DETAIL (2024)

Land uses contiguous to the Basin, within the Town of Southold include:

- Marinas (MII) (with restaurant & fuel facilities)
- Residential (R-40)
- Residential (R-80)
- Cemetery (R-80)
- Town Park (Baymen's dock parking & boat ramp)

Enterprises located within the Village, operating out of the Basin include:

- Small-scale private commercial marinas
- Commercial fishing & aquaculture businesses
- Boatyard with marine railways
- Hotel/Marina resort
- Yacht Club
- Acute Care Community Hospital (70 bed)
- Fish processing & retail/wholesale facility
- Village of Greenport amenities
 - Baymen's Dock (13 commercial slips)
 - Park at Sandy Beach
 - Dinghy Dock at Sterling Street
 - Mooring Field at inner anchorage

PHOTO OF STIRLING BASIN ENTERPRISE

RECOMMENDATIONS

Safeguarding the utility of Stirling Basin and protecting the public's interest is essentially a matter of periodic maintenance of basin infrastructure, the channel and inner anchorage. The breakwater and outer anchorage, additional components of essential harbor infrastructure, may require substantial improvements, exceeding normal maintenance and repairs, and are not contemplated in this report.

The matter of the basin and channel requires both a short-term and a long-term approach [Trustee Phillips].

In the very near term, limited dredging operations are needed to remove the shoaling at the Sandy Beach peninsula, restoring adequate width & depth of the channel inlet. Next steps could involve:

- Seeking an extension to the dredging window restrictions stipulated by NYSDEC.
- Securing adequate funding.
- Contemplating a mechanism for a public/private partnership for ongoing maintenance.
- Contracting with a qualified & available marine contracting vendor.

In the long term, it must be recognized that the state of harbor infrastructure is dynamic and not fixed. A schedule and scope of work for long-term periodic dredging of the entire channel (not just inlet) and the anchorages need to be identified. Given the regional importance of the harbor and potential extraordinary expense of maintaining it, outside resources will need to be secured. Additional resources may include Suffolk County, NY State, and the Federal government.

"In the opinion of Colonel Robert this locality is worthy of further improvement by the United States, with the object in view of deepening the anchorage ground in Stirling Basin and widening and deepening its approaches..."

(Thos. Lincoln Casey Brig., Gen., Chief of Engineers – 1894)

"If effected, its results in the way of promoting the commercial and the material interests of Greenport and its vicinity would be certain and extensive, affecting the whole community, besides lending impetus to the local development of commerce on Peconic and Gardiners bays. In view of the foregoing statement, which is believed to be a moderate one, much below the claims that might be urged, I respectfully submit that the proposed improvement is fully justified by the facts and conditions of the case, and can not fail to yield a lasting return of benefit to general and local commerce far greater than any probable cost."

(Hon. Henry A. Reeves, Greenport, NY – 1894)

Meeting of the Board of Wardens

Wednesday November 20, 2024

OPENING

Chief Alain de Kerillis opened the meeting at 7:00pm with The Pledge of Allegiance to the Flag and a moment of silence for the departed members.

ATTENDANCE

Chief Alain de Kerillis

1st Ass't Chief Wayne Miller

2nd Ass't Chief David Nyce

Wardens Bernard Purcell and Wayde Manwaring of Eagle Hose Co. #1

Warden Antone Volinski III of Relief Hose Co. #2

Wardens Patrick Brennan and Robert Hamilton of Star Hose Co. #3

Warden Scott Hollid of Standard Hose Co. #4

Wardens John Grilli and Peter Harris of Phenix Hook & Ladder Co. #1

Mary Bess Phillips VOG/GFD Liaison

Excused: Warden Norma Corwin of Relief Hose Co. #2

Absent: Warden Jordan Arnold of Standard Hose Co. #4

THOSE WISHING TO ADDRESS THE BOARD –

1. Sally Grant from the Art Program at Floyd Memorial Library reported that they are doing an exhibition at the library Dec 6th through Jan 26th and featuring photos from the GFD calendar. They will have the history of the dept. on display, how to volunteer, etc. She said if anyone has any

old photos or anything they want to include that they are more than welcome to. There will be a reception from 6-8p on Dec 6th as well. Mary Bess Phillips said that she will have it added to the BID website.

2. Cliff Harris officially resigned his seat as Warden. He mentioned that if anything changes as far as the bylaws, he would be happy to be back on.

READING OF THE PREVIOUS MINUTES

Motion made by W. Manwaring, seconded by S. Hollid, to approve the minutes of the October 16, 2024 meeting of the Board of Wardens as printed and distributed. Motion Carried.

FINANCE COMMITTEE

The finance committee report was read by 2nd Asst Chief Nyce. Motion made by S. Hollid, seconded by P. Brennan, to accept the report and move forward with fixing 8-3-2 and the lights in the ambulance. Motion Carried.

1. 1ST Asst Chief Miller said that 8-3-15 was \$6500 to repair. Now there is a problem with 8-3-2. The mechanical seals on the pump are shot. It's \$4,300 for that. 8-3-17 is having light issues in the patient compartment. To replace the LED lights it's \$1,127. They recommended replacing the fluorescent lights as well for \$1,400. Chief de Kerillis said that there is going to need to be a budget modification: 412 to 415 for \$20,000.

COMPANY OFFICERS' MEETING MINUTES-

1. Read by 1st Asst Chief Miller. Motion made by A. Volinski III, seconded by B. Purcell, to accept the report. Motion Carried.
2. Mary Bess Phillips reported that GFD needs a mass assembly permit for the parade. Chief de Kerillis will take care of it tomorrow.

TREASURER'S REPORT

The Treasurer's report for the period of October 17, 2024 through November 20, 2024 was read by Secretary/Treasurer C. Harris. Motion made by P, Harris, seconded by D. Nyce, to accept the treasurer's report as read. Motion carried. (report attached)

BILLS- None.

COMMUNICATIONS

1. Mattituck FD installation dinner, Sea Star Ball Room, Jan 18 2025. 2 Tickets for a Warden if they would like to go. Given to 1st Asst Chief Miller.
2. Bayport FD Surface Ice Rescue Tech, Jan 25 & 26. Motion made by S. Hollid, seconded by W. Manwaring to post sign up sheets/info at both stations and give a flyer to The Marine Rescue Squad. Motion Carried.
3. Annual Contract Renewal for Panther Compressors.
4. Thank you letter from Suffolk County Volunteer Firefighters Burn Center for donation.
5. Kayia Shalvey is a Miss Teen Long Island Contestant and is looking for Donations. Motion made by Chief de Kerillis, seconded by P. Harris, to donate \$100. Motion Carried.
6. FDNY Written Exam Prep Course- will post details.

Motion by D. Nyce, seconded by S. Hollid, to file and/or post all communications necessary, Motion carried.

APPLICATIONS FOR MEMBERSHIP-

1. John Gouveia to Rescue Squad Only.
2. Carmine Antonelle to Relief Hose will be tabled at this time. P. Harris mentioned that he heard that he was thrown out of Southold FD. Chief de Kerillis is going to call the Chief of Southold and try to get some answers.

Motion made by W. Manwaring, seconded by P. Brennan, to accept John Gouveia's application for membership to Rescue Squad and table Carmine Antonelle's application. Motion Carried.

REPORTS OF COMMITTEES

Buildings and Grounds

1. 1st Asst. Chief Wayne Miller has a quote for 30 Cameras. It's on federal contract. The total is \$47,278. 15 exterior and 15 interior. Chief de Kerillis asked if the quote is just for Station 1. It is. Scott Hollid mentioned that they tossed around the idea of having a ring system or something in the meantime. Chief de Kerillis said they are exploring

ideas for a grant. S. Hollid thinks we should prioritize and do Station 1 and then add Station 2 unless we can get a grant. More discussion ensued. P. Brennan suggested getting pricing for station 2. Motion made by S. Hollid, seconded by A. Volinski III, to move forward with cameras pending price for Station 2. Motion Carried.

Bylaws-

1. 2nd Asst Chief Nyce asked if we had an update on the wording from the Attorney on the bylaw change. He also asked since we are talking about bylaw changes if any of the Wardens are interested in a bylaw change for allowing a resident outside of the district to be a Warden. W. Manwaring asked if we should go back to the companies first and then be brought to the Wardens. 1st Asst Chief Miller read the bylaws for amendments, and he said the companies don't have to have a say. You post it for 25 days and then the Wardens vote. P. Harris said that we need to confirm that state and village law allows this first. Mary Bess Phillips is going to set up a conference call with 2nd Asst Chief Nyce and the Attorney to discuss.

Finance

1. P. Brennan asked if there was a budget meeting. Chief de Kerillis said that it was an informal meeting. Mary Bess Phillips mentioned that it was more of a discussion for understanding. P. Brennan said that he wasn't sure if he needed to be there as the Chair.
2. 2nd Asst Chief D. Nyce asked that we schedule a budget meeting for early December.

Fire District – No Report.

Pre-Incident Planning-

1. W. Miller asked if the Chief got in contact with the campgrounds. Chief de Kerillis said he did and they are going to set up a meeting.

Service Awards- No Report.

Recruitment-

1. 2nd Asst Chief Nyce just wanted to make sure everyone was still interested in partaking in RecruitNY. Everyone is.

Casualty Fund- No Report.

Funeral- No Report.

Communications- No Report.

Trips & Travel- No Report.

COMPANY REQUESTS

Eagle Hose Co. #1- Budget items, headphones.

Relief Hose Co. #2- Budget items, Executive Session.

Star Hose Co. #3- Budget items.

Standard Hose Co. #4- Gas meter chargers and thermal chargers, camera for one of the trucks.

Phenix Hook & Ladder Co. #1- Budget items.

Rescue Squad- Ambulance, Budget items, Executive Session.

Fire Police- Budget items, when there is a large working fire we need to request mutual aid for fire police. 1st Asst Chief Miller said they just need to let us know to do it because they have a lot going on when there is a fire.

Water Rescue- Budget items.

UNFINISHED BUSINESS –

1. Robert Hamilton mentioned that we have a nice new kitchen, and someone put utensils away dirty, there was a pot hanging dripping grease and tongs hanging with food on it. We need to clean up after ourselves.
2. Patrick Brennan brought up hydrant testing and asked if we do the testing on the hydrants outside of the Village. 2nd Asst Chief Nyce said that it is their responsibility. We can ask them for reports, but it is the responsibility of the town to have it done- likely through SCWA. P. Brennan said that if we go to a fire and it's outside of the Village and there is an issue it would be good to have a record of the testing. Chiefs will draft a letter to Southold Town asking for reports.

REPORTS OF DELEGATES- No Report.

NEW BUSINESS- No Report.

GOOD OF THE DEPARTMENT

1. 2nd Asst Chief Nyce reported that Southold Town and GFD are cohosting a pump operators course March 26. It is posted. Pre-requisite is FF1 and Engine Company Ops.
2. 2nd Asst Chief Nyce also reported that we have two sets of high rise packs, still waiting for belts. We need to determine which trucks will carry them. His suggestion is that at least one duty company truck have the pack at any given time. They do take up quite a bit of space- there might not be enough room on 8-3-4.
3. 2nd Asst Chief Nyce asked if anything happened with the battery back up for the radio system. Chief de Kerillis will talk to Bob Corwin.
4. 2nd Asst Chief Nyce also mentioned that the website will be up and running soon. We need to add to the budget up to \$200 a month for maintenance. 2nd Asst Chief Nyce is going to reach out to the Village to see who does theirs. Mary Bess Phillips sad that the BID is looking to hire someone and maybe GFD can piggy back.
5. 2nd Asst Chief Nyce would like permission to sell calendars at the Shellabration and after the Christmas Parade.
6. 2nd Asst Chief Nyce reported that Dr. Buono's office is not doing the same set up anymore for physicals. Each member has to call and schedule their own appt. The department would still pay for it, but he does not want to do after hours anymore. Do we want to find someone else or stick with him? He wants an answer soon. Discussion ensued about different options like Nassau Diagnostics. We can proceed with Dr. Buono while we look for alternatives. Motion made by P. Brennan, seconded by S. Hollid to continue with Buono's office until we find something else. Motion Carried.
7. Mary Bess Phillips explained that the Warden's approved Bob Corwin to contact a Grant Company in Aug of 2023. Originally it was for an ambulance which is a moot point now. There are other opportunities that can come from a discussion with them. If we do not use them, we will still have to pay a \$1500 fee. This company does all the paperwork, hunting for equipment, etc. Chief de Kerillis said that they are going to go after high ticket items. Discussion ensued about why

we have to pay this fee. Ultimately, there was a contract signed by R. Corwin. This info was passed to the Secretary at the time and there was some kind of communication breakdown. Much more discussion ensued. 2nd Asst Chief Nyce suggested using this opportunity for a Stryker stretcher. It satisfies the contract and something we need. Chief de Kerillis will reach out tomorrow. Mary Bess Phillips said that there needs to be policies in place about who signs what etc.

8. There are 3 quotes from Meadow Creek BBQ Supply. For delivery of parts to GFD, but GFD does the labor: \$683.70 plus shipping. For GFD to bring it to them for them to fix- \$805.60 plus travel costs. For a brand-new unit \$7,579. S. Hollid said we should just get a weber or something for how much we use it.
9. Mary Bess Phillips asked if GFD is doing boater safety courses in May or June. Chief de Kerillis said that we do them annually.
10. Motion made by P. Harris, seconded by A. Volinski III, to loan the library various materials for the exhibition. Motion Carried.

EXECUTIVE SESSION

Motion made by A. Volinski III, seconded by D. Nyce, to adjourn to an executive session to discuss personnel matters. Motion Carried. Adjourned to executive session at 8:36pm.

Upon returning from executive session, a motion made by D. Nyce, seconded by P. Harris, to resume with the regular meeting. Motion Carried. Regular meeting resumed at 8:42 pm.

READING OF THE MINUTES

Motion by D. Nyce seconded by P. Harris, to dispense with the reading of the minutes of tonight's meeting. Motion carried.

ADJOURMENT

Motion by D. Nyce, seconded by P. Harris, to adjourn. Motion carried. The meeting was adjourned at 8:43pm.

Submitted by,

Rebecca J. McKnight

Greenport Fire Department Monthly Report November 2024

Number of calls this month:.....92

Number of calls to date:.....1058

Breakdown of Calls by Signal Numbers:

9	(stand/by)	1
12	(brush fire)	2
13	(automatic alarm, smoke, etc.)	17
13-35	(working structure fire)	1
14	(vehicle fire)	0
16	(ambulance/rescue)	64
16-23	(MVA, water rescue, misc.)	1
16-59	(routine transport)	0
23	(CO alarm, medi-vac)	3
24/12	(mutual aid brush fire)	2
24/13-35	(mutual aid working structure fire)	1
24/16	(mutual aid ambulance/rescue)	0
24/16-23	(mutual aid MVA)	0
24/23	(mutual aid water rescue/misc.)	0
26	(boat fire)	0

Breakdown of Calls by Location:

Within the Incorporated Village of Greenport	37
Within the East/West Fire Protection District	51
Other (mutual aid)	4

Further Breakdown by Location

Peconic Landing	27
San Simeon	5
Lakeside Garden Apartments	5
Drug/Alcohol Overdose in Village	4

(178 calls ahead of last year)

**GFD - MARINE FIRE RESCUE SQUAD
PROPOSED FIRE/RESCUE BOAT
REPORT ON PROCUREMENT OPTIONS**

**12/9/24 TELEPHONE CALL BETWEEN LT BRENNAN & JESSE MUNSON, CEO
MUNSON BOATS**

Munson Boats is a “GSA CONTRACT HOLDER” (Federal) #47QSWA22D006M

Depending on the requirements of Greenport Village’s procurement policy, Village may elect to contract directly with Munson to purchase the specified vessel, omitting the competitive bidding process entirely.

*** The procurement policy should be confirmed before proceeding. Determine if a performance bond will be required. ***

NEXT STEPS

- VILLAGE
 - Issue RFP to Munson (use current boat specs)
- MUNSON
 - Prepares detailed proposal in accordance with GSA pricing & format (1-2 week turnaround)
 - GSA pricing to include 2.5% discount to Buyer
- VILLAGE
 - Review proposal and make any further modifications with Munson
 - Accept cost proposal (or reject)
 - Accept or negotiate payment terms
 - Stipulate performance bond, if required by Village (will add 4-5% to project cost)
 - Issue “*Letter of Intent*” to purchase vessel (optional) (gets project on “schedule”)(no obligation by either party)
 - Issue *Purchase Order* or enter *Contract* (as per Village customary procedure)
 - Make \$25,000 Initial Payment to Munson (required upon PO/Contract signing)(begins project schedule)
 - Make subsequent Progress Payments (as per contract)

LEAD TIME (as of 12/9/2024)

Munson requires about 6 months to build vessel, but 30 months to actually deliver a complete vessel.

PAYMENT TERMS (typical)(subject to negotiation)

Initial Payment:	\$25,000.00	(required upon contract signing)
Progress Payments:	Start	30% (month 24)(initial payment credited)
	Mid	40% (month 27)(upon complete alum fab.)
	Final	30% (month 30)

Village Clerk December 2024 Work Session Report

Village Clerk December 2024 Work Session Report

Resolutions:

- RESOLUTION adopting the attached proposed policy for payment plans for The Village of Greenport electric utility.
- RESOLUTION approving the issuance of a Request for Proposals for the management of McCann Campground for the 2024 season and directing Clerk Hall to notice the Request for Proposals accordingly.
- RESOLUTION accepting the attached Service Agreement submitted by Garratt-Callahan Company for the provision of a water treatment chemical program and service therefor, and authorizing Mayor Stuessi to sign the Service Agreement with Garratt-Callahan Company.
- RESOLUTION approving the application for membership of John Gouveia to Rescue Squad of the Greenport Fire Department, as approved by the Village of Greenport Fire Department Board of Wardens on November 20, 2024

Public Assembly Permit Applications Received:

- Public assembly application received from Amie Sponza on behalf of Northeast Stage to host the annual Shakespeare in the Park (Othello). The applicant is requesting the use of Mitchell Park on July 25th, 2025 through July 27th, 2025 from 7:00-9:00 p.m.

- Public assembly application received from Paul Livsey on behalf of the Greenport Farmers Market to host a Farmers Market in Mitchell Park. The applicant is requesting to host a weekly Farmers Market on Fridays beginning on May 23rd, 2025 through October 10th, 2025. The applicant has also requested a waiver of the alcohol prohibition for the duration of the Farmers Market.

Contracts and Agreements Signed:

- Annual Tree and Stump Removal BID Contract

Legal Notices:

1. Public Hearing Notices – hearing date January 2, 2025
 - a. Wetlands Applications
 - b. Request for Zone Change submitted by The Greenporter

Announcements:

- The December Regular Session meeting will be held on Thursday, January 2nd, 2025 at the Greenport Firehouse.
- The Annual Menorah Lighting will be held at Mitchell Park on December 29th, 2024 at 5:00 p.m.
- Village Hall will be closed on December 25th, 2024 and January 1st, 2025. Village Hall will close at noon on December 24th, 2024 and December 31st, 2024.

Village Election:

- For Candidates: Signatures on the independent nominating petitions can begin on December 31st, 2024. Further details can be found on the Village of Greenport website on the “Village Election” page.

VOG Electric Policy (PDF)
 Garratt-Callahan Contract (PDF)

VOG Electric Policy

1. Purpose: This policy outlines the procedures to be followed when customers fail to pay their electric bills within the required timeframe. The goal is to encourage timely payments and maintain fair service for all customers.

2. Applicability: This policy applies to all residential and commercial customers of the Village of Greenport's electric utility service.

3. Deposits:

- **Residential Renters and Commercial Customers:** A deposit is required for residential renters and commercial customers: (the amount of the deposit will be twice the Average Highest Bill); upon termination of service the deposit including interest will be returned to the customer less any outstanding balance.

4. Billing and Delinquency Timeline:

- **0 - 60 Days Past Due:**
 - If payment is not received by the due date, a late fee of 1.5% of the outstanding balance will be applied to the account per billing cycle.
- **90 Days Past Due:**
 - If payment is not received within 90 days, customers will be notified to provide an opportunity for payment before the shutoff occurs.
 - If payment is not received or a payment plan is not agreed upon within 15 days of the notice, the account will be subject to shutoff, and electric service will be disconnected.
 - Disconnection can be postponed if a resident has serious health problems and provides a certified letter by a licensed physician.

5. Payment Plan Options:

- **Eligibility for Payment Plan:** A payment plan will only be offered to customers who are at risk of service shutoff due to non-payment.
- **Conditions:**
 - The remaining balance will be split into six equal monthly payments.
 - The customer must remain current on all future electric bills to continue the payment plan.
 - No payment plans will be granted to customers who are already on an existing payment plan.

6. Reconnection Process:

- If service is disconnected due to non-payment, customers must pay the full outstanding balance, including a \$75 fee for residential customers or a \$150 fee for commercial customers, before service can be restored.

SERVICE AGREEMENT

Beginning Date: 3/1/2025 End Date: 2/28/2026 Customer Number: 9786052
Bill To: Attn: Doug Jacobs Customer Site: Attn: Doug Jacobs
Village of Greenport, Electric Department Village of Greenport, Electric Department
236 Third Street, Greenport NY 11944 236 Third Street, Greenport NY 11944

GARRATT-CALLAHAN COMPANY agrees to provide a water treatment chemical program and service from the effective date as described in the following program summary.

For this program, CLIENT agrees to pay to GARRATT-CALLAHAN COMPANY the starting sum of:

Ten Thousand Eight Hundred DOLLARS \$ 10,800.00

Payable in 1 ☐ MONTHLY, ☐ QUARTERLY, ☒ ANNUAL (Check One) installment(s) of:

Ten Thousand Eight Hundred DOLLARS \$ 10,800.00

Such invoices are to be paid by CLIENT ☐ monthly/☐ quarterly/☐ annually. Only ☐ monthly/☐ quarterly/☐ annual invoices will be submitted to the customer.

GARRATT-CALLAHAN COMPANY has the ability to request a price increase for agreements annually based on current inflationary trends, increased cost of raw materials, shipping, manufacturing, labor, etc. not to exceed ____% of the current price. Requests will be submitted approximately 11 months into the agreement of each year and will go into effect on the first invoice of the next renewal. Example: Terms of agreement are January - December. In November a notice will be sent about price increase and the new price will be effective January of the following year.

Initial: _____ Date: _____

In the event that the contract is terminated prematurely, the client will pay any balance that exists as a result of more product having been shipped than has been accounted for with regular monthly invoicing.

Initial: _____ Date: _____

For those agreements including equipment, GARRATT-CALLAHAN COMPANY will keep track of the equipment pay-off balance. Should the client terminate the agreement prior to the equipment being paid off, GARRATT-CALLAHAN COMPANY will invoice the client the remaining balance of said equipment. If equipment is included, the agreement is not to exceed 12 months.

Initial: _____ Date: _____

State and local taxes are not included in the dollar amount shown and will be added to each invoice unless a tax exemption certificate is submitted to GARRATT-CALLAHAN COMPANY.

Initial: _____ Date: _____

Invoices for materials used in conducting the program will be maintained internally by GARRATT-CALLAHAN COMPANY.

GARRATT-CALLAHAN COMPANY will make periodic calls to your facility, during which time we will perform all pertinent analyses for you applicable systems and make recommendations for all necessary parameters in order to make your treatment operation successful. Copies of our reports will be sent to responsible personnel as required.

The contract figure is based upon maintaining all limits according to our specifications and recommendations, and also upon normal load conditions and operations. Any change in the criteria, including expansions, additions, product costs, etc., will require renegotiation of terms.

GARRATT-CALLAHAN COMPANY will be responsible only for reasonable diligence and care in providing its program under the agreement. GARRATT-CALLAHAN COMPANY will not be responsible for failure or delay in providing its program due to any act or circumstances beyond its control.

Either party may terminate this agreement when just cause has been identified and delivered in writing, and if the deficient party has not taken corrective action within 90 days of the written notification. Upon termination the remaining chemical inventory (unopened container and within shelf life) and equipment shall be returned to G-C.

By signing, you are indicating that you have read and agreed to our Terms and Conditions of Sale, PO3410.

Terms and Conditions of Sale

Approval and Acceptance

All orders are subject to approval and acceptance at the Seller's office in Burlingame, California. The quoted prices are subject to acceptance within thirty (30) days of this quotation date, and may change without notice after that time. Orders received within the thirty (30) days period will be invoiced at the quoted figure provided delivery is accepted within six (6) months of G-C's receipt of the order.

Prices and Freight Charges

Unless specifically quoted otherwise, all Garratt-Callahan (G-C) prices are f.o.b. destination, freight prepaid to any point in the Continental United States serviced by commercial truck lines. Alaska, Hawaii and all other destinations outside the continental U.S. will incur additional freight charges.

Note: The following exception applies:

A freight charge of \$100.00 will be added to shipments of chemicals less than or equal to 100 pounds gross weight. This charge does not apply to equipment, test kits or reagents.

As G-C prices include freight (except as noted above) you are not billed freight by the freight line.* In comparing G-C chemical formulation prices with those of companies that ship collect, add in a freight cost to their prices.

*When the customer requires delivery by a Garratt-Callahan truck or special services such as ChemFeed delivery, chemical transfer into another container, lift gate or stake trucks, weekend or holiday delivery, air freight, rush orders, delivery within a building, gather and ship, etc., the charges will be added to the invoice. Where ChemFeed is available for a specific product the service includes chemical transfer into another container and removal of transferred empty drums. (Excluding 5 gal pails).

Note: Lift gates will not be used to off-load totes (IBCs) due to the inherent danger of doing so.

International Orders

Buyer must pay the costs and freight charge to import the goods. Freight terms are EX-Works unless approved otherwise by the Burlingame Corporate Office.

Prices and Freight Charges – Maritime Sales

Maritime Sales are F.O.B Port within continental U.S.A. Selling prices are evaluated quarterly in order to determine whether a price change is warranted.

Applicable Taxes

Quoted prices do not include any applicable taxes or other charges levied by the government of the United States, any State, County, or local government body. Such levies, or charges, are to be paid by the Buyer.

Invoice Payment Terms

Terms are net thirty (30) days from the date of the sellers invoice and prices do not include any applicable sales taxes. Customers with unpaid invoices after ninety (90) days will be subject to being placed on credit hold status until payment verification is made. Orders pending may be released at the discretion of the local Garratt-Callahan office or the Accounting Department Manager.

Warranty and Return

Manufactured materials sold are warranted to be free of defects in composition and workmanship. All other warranties, whether expressed or implied, are excluded unless such warranties are expressed in writing and signed by an officer of the G-C Company. Upon inspection and instructions by the Buyer, defective materials may be returned to the Seller. If found to be defective such goods will be replaced or repaired by the Seller. The Seller shall not be liable for breach of warranty for any loss or damage arising from the use of such materials, either direct, indirect, consequential and or punitive damages. The exclusive remedy against the Seller for breach of warranty shall be that of replacement of defective materials.

Any chemical product provided to the customer becomes the property of the customer once the delivered chemical container, is opened, or if a stored chemical exceeds its' expiration date. Chemical containers received at customer location, remove opened, if a stored chemical exceeds its expiration date or used in the management of the customers' water treatment system become the property of the customer. In addition, spill residue or spill cleanup materials of chemicals accidentally or inadvertently released at the customer's facility become the responsibility of the customer. Unopened chemicals within their expiration date may be returned to Garratt-Callahan upon approval, however, shipping will be the responsibility of the customer and there will be a restocking charge.

Note: For return of merchandise ordered in error, or that is not wanted for any reason, there will be a 20% restocking charge for full resalable drums of chemicals and/or resalable equipment items if prepaid to G-C plant; a 25% restocking charge if not prepaid.

Delivery and Losses

G-C will make every effort to provide the quoted materials and services promptly and on a schedule required by the Buyer and/or estimated by G-C. The Seller shall not be liable for losses, either direct, indirect, consequential or punitive damages, caused by delays in delivery resulting from labor disputes, shortage of raw materials, fire, flood, riot, insurrection, and acts of God, or any other cause beyond the control of the Seller.

Right to Cure

Buyer shall give G-C written notice specifying any performance deficiencies and allow G-C a meaningful opportunity of no less than ninety (90) days to correct prior to taking actions adverse to G-C.

Insurance

G-C shall be relieved of its obligations with respect to its warranties, performance goals, cost saving or usage goals or any other commitments, in addition to any other remedies it may have, in the event of Buyer's failure: (a) to operate the systems treated with G-C's Goods and all related equipment and processes ("Systems") within control parameters or, if none, within industry customary operating conditions; (b) to maintain the Systems in good operating order and repair; (c) to follow G-C's recommendations or to fulfill its responsibilities for System operation; (d) to communicate to G-C hidden or not obvious system, process, or equipment conditions affecting G-C's Goods or (e) to provide complete and accurate System data. In the event G-C fails to comply with any of Buyer's insurance requirements, whether imposed by contract or otherwise, Buyer's sole remedy shall be termination of purchases from G-C.

Exceptions

All orders are accepted solely on the basis of the above terms and conditions, regardless of contrary conditions set up in Buyer's purchase order, unless exceptions are clearly stated in writing and signed by an officer of Garratt-Callahan Company.

Indemnification

Each Party, by the execution and delivery of this Agreement, expressly indemnifies the other Party with respect to any and all liabilities, costs, including reasonable attorneys' fees, losses, claims, demands or judgments arising from or as a consequence of the actions, inactions or other activities of the indemnifying Party performed, or which the indemnifying Party has failed to perform, under or pursuant to this Agreement. The indemnifying Party, at the sole cost and expense of that indemnifying Party, will assume and will thereafter defend, utilizing legal counsel and other consultants who are specifically approved, in advance, by the Party being indemnified (such approval not to be unreasonably withheld), any lawsuits or other litigation which is instituted or filed against the indemnified Party, or where the indemnified Party is subsequently impleaded or joined, by reason of such actions, inactions or other activities by or on the part of the indemnifying Party.

Assignment

This agreement cannot be assigned by either party without the prior written consent of the other, except to a parent or subsidiary or a subsidiary of its parent, or to a successor by merger, consolidation or purchase of substantially all the assets of at least that portion of the assigning party's business related specifically to this agreement.

Equal Opportunity

This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a), and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status, or disability.

U.S. Department of Homeland Security's E-Verify System

By entering into this Contract, Garratt-Callahan certifies and ensures that it utilizes and will continue to utilize, for the term of this Contract, the U.S. Department of Homeland Security's E-Verify system to determine the eligibility of all persons employed to perform duties within the United States of America, during the term of the Contract.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their duly authorized representatives as of the date(s) set forth below.

Work Session Report for Road and Utilities

December 19, 2024

Administrator's Office

Statistics

Work Orders:

Electric = 49 Written, 49 Completed

Water = 40 Written, 40 Completed

Sewer = 38 Written, 38 Completed

Road = 75 Written, 75 Completed

Reports

- ❖ DOH-360: This is a monthly report for bacteriological presence and residual chlorine levels, it was sent on 11-06-2024. The results are detailed below in the Road Department's *Sampling* section.
- ❖ GADS Data: This is a monthly report about run and usage data for the generators at the Power Plant, it was sent on 11-06-2024.

Discussion

Resolutions

Road/Water Department

Statistics

Water Distribution:

6,581,000 Gallons Sold

Sampling:

All water samples complied with Department of Health requirements.

Locations: 419 Sixth Street - Slop Sink

Total Coliform = Absent

E Coli = Absent

Residual Chlorine = 0.60 mg/L

Third Street Firehouse - Kitchen Sink

Total Coliform = Absent

E Coli = Absent

Residual Chlorine = 0.71 mg/L

The form, DOH-360, was filed with the DOH on November 6, 2024, with the above results.

Report

Tasks Accomplished:

- ❖ Daily garbage collection.
- ❖ Daily litter pick up at parks and parking lots.
- ❖ Ongoing biweekly brush pick up.
- ❖ Daily work orders being documented.
- ❖ Mon/Wed/Fri am street sweeping.
- ❖ Ongoing garbage collection at 5pm on Fri/Sat/Sun.
- ❖ Removal of tree limbs on sidewalks.
- ❖ Work session and work orders completed and submitted by Chad
- ❖ Ran the street sweeper throughout the Village.
- ❖ Tested plows for the winter.
- ❖ Run and tested salters
- ❖ Removal of garbage on Moores Lane.
- ❖ Removal of brush dumped during road milling on Manor place.
- ❖ Removal of road millings on Manor place.
- ❖ Marked out drains for road milling.
- ❖ Upkeep and maintenance on CAT.
- ❖ Grease and upkeep on G-55 and G-44.
- ❖ Repaired lights on G-9.
- ❖ Removal of leaves at 3rd Street Park.
- ❖ Removal of leaves at 6th Street beach.
- ❖ Replaced various stop signs throughout the Village.

- ❖ Removed trees from tree list.
- ❖ Picked up sewer rings for sewer plant.
- ❖ Picked up curb stop risers for water dept.
- ❖ Removed boxes from Village Hall.
- ❖ Removed Halloween décor from mini train.
- ❖ Removed 2 brush piles out of code and submitted invoice.
- ❖ Removed stuck vehicle from 6th st from road work.
- ❖ Assisted in repair of drain on Center Street.

Sewer Department

Statistics

Flow and Sampling:

The plant continues to run well, exceeding DEC permit requirements.

Total plant flow for the month of November = 8,973,000 Gallons

Average Daily Flow = .299 (MGD) Permit Limit = .650 MGD

Total Suspended Solids percent removal (TSS) = 92% Permit Limit = 75%

CBOD percent removal = 98% Permit Limit = 75%

Coliform Fecal General = 2.0 MPN. Permit limit 200 MPN/100

Coliform Total General = 79 MPN. Permit limit 700 MPN/100

Total Nitrogen = 12.3 LBS/day

Mercury <0.5 ng/L

Sludge Removal:

45,000 Gallons of sludge hauled in November

Report

❖ Treatment Plant:

Replaced gearbox for West clarifier

Cleaned UV Bulbs in disinfection system

Cleaned basin #1 for aerotor repair work

❖ Collection System:

Provided manhole risers for paving project near hospital and 6th St.

Cleared blockage on Wiggins St.

Flushed main on Johnson Ct.

Electric Department

Statistics

Monthly Power Usage:

Maximum usage day = November 30 @ 94.845 Mwh

Minimum usage day = November 7 @ 69.280 Mwh

Peak demand for the month = 4.732 MW November 30, 5:30pm

Monthly total usage = 2,364.363 Mwh

Service calls/call outs = 10

Street light repairs = 6

Customers shut off for nonpayment = 0

Customers turned on for payment = 0

Customers turned on for the season = 0

New Services/Upgrade = 2 new service and 0 service upgrade.

Tasks Accomplished:

- ❖ Put up lights, ships and shooting stars around the Village for the holidays season.
- ❖ Put up the Christmas tree at Mitchell Park, that was donated by North Fork Cottages & RV Resort. Put lights on the Christmas tree. The tree needed to be tied up to make moving safer, this was funded by Haugland Energy, Chris Morh Landscaping did the wrapping of the tree.

- ❖ DeAl concrete replaced the driveway apron in front of the truck garage, due to being broken and poor condition.
- ❖ Crystal Clean was contracted to remove about 800 gallons of waste oil.
- ❖ Island Pump and Tank was called to replace the fuel hoses for the diesel and gas fuel pumps.
- ❖ Asplundh Tree service completed the line clearance trimming along Monsell trail, they did a very good job, we should not have to have this done for the next 10 years or so.
- ❖ Several service calls, flickering lights, half power, and issues with current CAVT service drops.
- ❖ Replaced a couple electric meters, due to not working, or service upgrade.
- ❖ Blow down all three engines, this is done at least twice a month.
- ❖ Maintain building and grounds, cleaned out truck garage, plant, and moved things around outside for ease of snow removal if needed.
- ❖ Discussed with the Electrical Engineer the needs and requirements for electrical upgrades at the Greenport Hotel.
- ❖ In contact with several local Electricians for upcoming service upgrades.

Dances in the Park:

Thanks to our sponsors, already have one lined up for next year.
Still have opportunities for volunteers (get a free shirt!)

Camera Obscura:

Open Tuesday and Saturday 12-2pm, weather dependent.
FOMP hired an artist/docent to open the camera and coordinate volunteers. We had two field trips this fall.
Donations have funded new signage, supplies, and we're planning on more signage.
Possible partnership with Parsons for branding, merchandise, etc.
Still have opportunities for volunteers.

Waterfront Communication Committee:

Working with Village Clerk to update website, including archiving newsletters.

Tree Committee

27 trees planted this fall, 22 native from NYPA (2 for 1 deal), including one at 3rd street park in honor of John Quinlan, long time member.
New member - Eileen Kapell (resolution next week?)
Tree city application - missed deadline last year, but on track for this year.
New signs for tree takedowns.
Code update?
Working on a budget ask for next year.
