Negative Declaration Pursuant to
New York State Environmental Quality Review Act
Wetlands Permit Application of Rosemary W. Gutwillig
109 Bay Avenue, Greenport, New York, 11944

WHEREAS, the New York State Environmental Conservation Law and the regulations of the Department of Environmental Conservation as contained in 6 NYCRR Part 617 require review of the possible environmental consequences of various actions under consideration by the Board of Trustees, and

WHEREAS, the Board of Trustees is considering the obligations of the Village of Greenport with respect to the wetlands permit application submitted by Rosemary W. Gutwillig, as owner, for the property located at 109 Bay Avenue, Greenport, New York, 11944, SCTM # 1001-5-3-1.2; and

WHEREAS, the Board of Trustees has considered the nature and impact of the proposed action; and

WHEREAS, the Board of Trustees has reviewed a Short Environmental Assessment Form prepared with respect to the proposed law,

NOW, THEREFORE, IT IS

RESOLVED, that the Board hereby finds and concludes that the Board of Trustees is the Lead Agency with respect to environmental impact review of the wetlands permit application submitted by Rosemary W. Gutwillig, as owner, for the property located at 109 Bay Avenue, Greenport, New York, 11944, SCTM # 1001-5-3-1.2; as defined in the State Environmental Quality Review Act and its regulations (SEQRA), and

- A. the wetlands permit application submitted by Rosemary W. Gutwillig is an Unlisted Action under SEQRA;
- B. the Board has considered the adoption of the proposed resolution;
- C. the Board has thoroughly reviewed the Short Environmental Assessment Form and the supplemental description of the proposed action;
- D. the Board also has considered the following factors and made the following conclusions in respect to its review of the environmental impacts of the proposed action:
 - i. the proposed action would not result in any substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels, nor any substantial increase in solid waste production, nor create a

substantial increase in the potential for erosion, flooding, leaching or drainage problems;

- ii. the proposed action would not result in the removal or destruction of large quantities of vegetation or fauna, substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on a significant habitat area, substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species, or other significant adverse impacts to natural resources;
- iii. the proposed action would not impair the environmental characteristics of any Critical Environmental Area;
- iv. the proposed action would not conflict with the community's current plans or goals as official approved or adopted;
- v. the proposed action would not impair the character or quality of important historical, archeological, architectural or aesthetic resources or of existing community or neighborhood character;
- vi. the proposed action would not result in a major change in the use of either the quantity or type of energy;
- vii. the proposed action would not create a hazard to human health;
- viii. the proposed action would not create a substantial change in the use, or intensity of use, of land, including agricultural, open space or recreational resources, or in its capacity to support existing uses;
- ix. the proposed action would not encourage or attract large numbers of persons to any place for more than a few days, compared to the number who would come to such place without such action;
- x. the proposed action would not create changes in two or more elements of the environment, no one of which would have a significant impact on the environment, but when taken considered together would result in a substantial adverse impact on the environment;

- xi. the proposed action would not create substantial adverse impacts when considered cumulatively with any other actions, proposed or in process;
- xii. the proposed action would not result in substantial adverse impact with respect to any relevant environmental consideration, including noise, aesthetics, traffic, air quality, water quality or adequacy of water supply, drainage, soil conditions, or quality of life in the community in general and the immediate neighborhood in particular;
- xiii. the proposed action would enhance the protection of the environment in the Village, in that it would preserve and maintain the existing character of the Village;

E. the proposed action would not have a significant adverse environmental impact;

F. no further environmental review is required with respect to the proposed action, and

G. the Mayor, or his designee, is authorized to execute the Short EAF in a manner consistent with the foregoing findings concluding that the proposed action will not result in a significant adverse environmental impact.
