January 14, 2025

Dear Village Clerk:

**Response To: Request For Proposal (RFP) issued by the Village of Greenport New York
for the Management of McCann Campground for the 2025 Season**

In response to the above-referenced RFP, I submit the following scope of work and cost proposal for your consideration.

Opening & Closing Season:

- Clean-up of signage, office and bathrooms.
- Prepare campsites for campers and grounds by weed whacking and grass cutting where village equipment cannot reach.
- Verify that electricity, gas and water are turned on by village staff and working properly. Will notify village of any repairs to water/electricity prior to opening.
- Call to arrange waste management for the start of the season.
- Prepare campground for close of season and work with village to communicate year end procedures.
- Inform village when all trailers are removed from grounds to allow for services to be turned off at the end of the season.

Rents:

- Collect rents and fees when due and deliver receipts to the Village office on a mutually agreed upon schedule.
- Maintain copies of daily records and seasonal camper information and work with Village to maintain accurate records for accounting.

Grounds:

- Prepare campsites for opening day following spring leaf clean-up and removal by the Village.

- Prepare grounds for opening day and maintain throughout season to ensure a clean and welcoming campground. Includes grass cutting and weed whacking where village equipment cannot reach (around campsites & picnic tables, office/ restrooms areas). Remove any refuse left behind, arranging picnic tables and firepits.
- Clean and paint bathrooms and signage as needed.
- Maintain entrance into campground for cleanliness and welcoming atmosphere.
- Notify Village staff electricians for repairs needed to maintain utilities and assure they remain working properly throughout the season and prepared to turn off at the end of the season.
- This proposal does not include spring leaf clean-up and removal, tree trimming, removal of downed large branches and stumps.

Bathroom Facilities:

- Clean and maintain the bathrooms which will include daily checking, cleaning and disinfecting of high touch points and traffic areas to avoid the spread of Covid-19.
- Stock the bathrooms as need with supplies provided by the Village.
- Ensure that each bathroom is prepared and cleaned prior to opening day.
- Notify village of any necessary repairs.

Point of Contact for Campers:

- Throughout season will handle camper inquiries, reservations and concerns and resolve any conflicts as necessary.
- At the end of the season will create and provide to Village staff a site map of all reservations for the 2024 season received to date.
- Off season, will assist Village staff with questions and inquiries regarding reservations.

Relevant Experience/Capabilities:

As McCann's Campground Manager for the 2021-2024 seasons my knowledge and experience well prepared me to continue as manager for the 2025 season. I believe I am in a unique position to provide a smooth continuity of service. As in the past, I look forward to providing the Village with a fully booked campground and a successful season. In addition, I established relationships with new and existing campers and worked hard to maintain the friendly rustic atmosphere that McCann's Campground is known for. I diligently worked with the Village to secure much needed repairs and improvements that were appreciated by the campers. Physically active, I was able to multitask and maintain order in a faced pace environment. As a camping and outdoor enthusiast, I am knowledgeable and capable enough to help campers with problems common to the RV lifestyle. On the other hand, I believe I know when to alert the Village of issues that may arise that are beyond my capabilities and work with them for a proper solution.

I welcome the opportunity to return as Campground Manager and build on some of the accomplishments and friendships that I was able to achieve during prior seasons.

Cost Proposal for 2025 Season

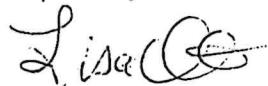

Labor cost - \$22.00 per hour

- Includes a minimum of fifteen (15) hours per week. During season, will work on-site minimum five (5) days per week which will include one (1) weekend day. During peak summer season, opening week, closing week and Maritime Festive require additional hours as needed.
- Off season, will take reservation remotely and willing to assist Village with questions or inquiries with regard reservations.

Trailer space

- Full cost of trailer space for Campground Manager for the full season the campground remains open.
- $\frac{1}{2}$ cost of trailer space for Work Camper for the season – Worker camper will assist on-site with general clean-up duties under the direction of the Campground Manager. Will also assist campers with checking in and any issues that may arise when camp manager is not on site.

Respectfully Submitted,

Lisa Otis

WHEREAS, the New York State Environmental Conservation Law and the regulations of the Department of Environmental Conservation as contained in 6 NYCRR Part 617 require review of the possible environmental consequences of various actions under consideration by the Board of Trustees, and

WHEREAS, the Board of Trustees is considering the obligations of the Village of Greenport with respect to the wetlands permit application from Joyce Kearns, as Owner submitted by David Bergen, as agent for the property located at 300 Atlantic Avenue, Greenport, New York, 11944 SCTM # 1001-02-02-13; and

WHEREAS, the Board of Trustees has considered the nature and impact of the proposed action; and

WHEREAS, the Board of Trustees has reviewed a Short Environmental Assessment Form prepared with respect to the Wetlands Permit Application,

NOW, THEREFORE, IT IS

RESOLVED, that the Board hereby finds and concludes that the Board of Trustees is the Lead Agency with respect to environmental impact review of the wetlands permit application from Joyce Kearns, as Owner submitted by David Bergen, as agent for the property located at 300 Atlantic Avenue, Greenport, New York, 11944. SCTM # 1001-02-02-13; as defined in the State Environmental Quality Review Act and its regulations (SEQRA), and

A. the wetlands permit application submitted by from Joyce Kearns, as Owner submitted by David Bergen, as agent is an Unlisted Action under SEQRA;

B. the Board has considered the adoption of the proposed resolution;

C. the Board has thoroughly reviewed the Short Environmental Assessment Form and the supplemental description of the proposed action;

D. the Board also has considered the following factors and made the following conclusions in respect to its review of the environmental impacts of the proposed action:

i. the proposed action would not result in any substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels, nor any substantial increase in solid waste production, nor create a substantial increase in the potential for erosion, flooding, leaching or drainage problems;

ii. the proposed action would not result in the removal or destruction of large quantities of vegetation or fauna, substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on a significant habitat area, substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species, or other significant adverse impacts to natural resources;

iii. the proposed action would not impair the environmental characteristics of any Critical Environmental Area;

iv. the proposed action would not conflict with the community's current plans or goals as official approved or adopted;

- v. the proposed action would not impair the character or quality of important historical, archeological, architectural or aesthetic resources or of existing community or neighborhood character;
- vi. the proposed action would not result in a major change in the use of either the quantity or type of energy;
- vii. the proposed action would not create a hazard to human health;
- viii. the proposed action would not create a substantial change in the use, or intensity of use, of land, including agricultural, open space or recreational resources, or in its capacity to support existing uses;
- ix. the proposed action would not encourage or attract large numbers of persons to any place for more than a few days, compared to the number who would come to such place without such action;
- x. the proposed action would not create changes in two or more elements of the environment, no one of which would have a significant impact on the environment, but when taken considered together would result in a substantial adverse impact on the environment;
- xi. the proposed action would not create substantial adverse impacts when considered cumulatively with any other actions, proposed or in process;
- xii. the proposed action would not result in substantial adverse impact with respect to any relevant environmental consideration, including noise, aesthetics, traffic, air quality, water quality or adequacy of water supply, drainage, soil conditions, or quality of life in the community in general and the immediate neighborhood in particular;
- xiii. the proposed action would enhance the protection of the environment in the Village, in that it would preserve and maintain the existing character of the Village;

E. the proposed action would not have a significant adverse environmental impact;

F. no further environmental review is required with respect to the proposed action, and

G. the Mayor, or his designee, is authorized to execute the Short EAF in a manner consistent with the foregoing findings concluding that the proposed action will not result in a significant adverse environmental impact.

- x. the proposed action would not create changes in two or more elements of the environment, no one of which would have a significant impact on the environment, but when taken considered together would result in a substantial adverse impact on the environment;
- xi. the proposed action would not create substantial adverse impacts when considered cumulatively with any other actions, proposed or in process;
- xii. the proposed action would not result in substantial adverse impact with respect to any relevant environmental consideration, including noise, aesthetics, traffic, air quality, water quality or adequacy of water supply, drainage, soil conditions, or quality of life in the community in general and the immediate neighborhood in particular;
- xiii. the proposed action would enhance the protection of the environment in the Village, in that it would preserve and maintain the existing character of the Village;

E. the proposed action would not have a significant adverse environmental impact;

F. no further environmental review is required with respect to the proposed action, and

G. the Mayor, or his designee, is authorized to execute the Short EAF in a manner consistent with the foregoing findings concluding that the proposed action will not result in a significant adverse environmental impact.

**Negative Declaration Pursuant to
New York State Environmental Quality Review Act
Local Law Amending Chapter 121 of the Code of the Village of Greenport
To add Section 121-3-a**

WHEREAS, the New York State Environmental Conservation Law and the regulations of the Department of Environmental Conservation as contained in 6 NYCRR Part 617 require review of the possible environmental consequences of various actions under consideration by the Board of Trustees, and

WHEREAS, the Board of Trustees is considering amending Chapter 121 of the Code of the Village of Greenport to add section 121-3-a authorizing a real property annual tax exemption for volunteer firefighters and volunteer ambulance workers in accordance with Real Property Tax Law § 466-a; and

WHEREAS, the Board of Trustees has considered the nature and impact of the proposed action; and

WHEREAS, the Board of Trustees has reviewed a Short Environmental Assessment Form prepared with respect to the proposed law,

NOW, THEREFORE, IT IS

RESOLVED, that the Board hereby finds and concludes that the Board of Trustees is the Lead Agency with respect to proposed amendment to Chapter 121 of the Code of the Village of Greenport as defined in the State Environmental Quality Review Act and its regulations (SEQRA), and

- A. the proposed amendment to Chapter 121 of the Code of the Village of Greenport is an Unlisted Action under SEQRA;
- B. the Board has considered the adoption of the proposed resolution;
- C. the Board has thoroughly reviewed the Short Environmental Assessment Form and the supplemental description of the proposed action;
- D. the Board also has considered the following factors and made the following conclusions in respect to its review of the environmental impacts of the proposed action:
 - i. the proposed action would not result in any substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels, nor any substantial increase in solid waste production, nor create a substantial increase in the potential for erosion, flooding, leaching or drainage problems;

- ii. the proposed action would not result in the removal or destruction of large quantities of vegetation or fauna, substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on a significant habitat area, substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species, or other significant adverse impacts to natural resources;
- iii. the proposed action would not impair the environmental characteristics of any Critical Environmental Area;
- iv. the proposed action would not conflict with the community's current plans or goals as official approved or adopted;
- v. the proposed action would not impair the character or quality of important historical, archeological, architectural or aesthetic resources or of existing community or neighborhood character;
- vi. the proposed action would not result in a major change in the use of either the quantity or type of energy;
- vii. the proposed action would not create a hazard to human health;
- viii. the proposed action would not create a substantial change in the use, or intensity of use, of land, including agricultural, open space or recreational resources, or in its capacity to support existing uses;
- ix. the proposed action would not encourage or attract large numbers of persons to any place for more than a few days, compared to the number who would come to such place without such action;
- x. the proposed action would not create changes in two or more elements of the environment, no one of which would have a significant impact on the environment, but when taken considered together would result in a substantial adverse impact on the environment;
- xi. the proposed action would not create substantial adverse impacts when considered cumulatively with any other actions, proposed or in process;

- xii. the proposed action would not result in substantial adverse impact with respect to any relevant environmental consideration, including noise, aesthetics, traffic, air quality, water quality or adequacy of water supply, drainage, soil conditions, or quality of life in the community in general and the immediate neighborhood in particular;
- xiii. the proposed action would enhance the protection of the environment in the Village, in that it would preserve and maintain the existing character of the Village;

E. the proposed action would not have a significant adverse environmental impact;

F. no further environmental review is required with respect to the proposed action, and

G. the Mayor, or his designee, is authorized to execute the Short EAF in a manner consistent with the foregoing findings concluding that the proposed action will not result in a significant adverse environmental impact.
