Proposed New York Tax Law §1202 – Local Law 8 of 2025

(1) Notwithstanding any other provision of law to the contrary, the Village of Greenport, in the County of Suffolk, is hereby authorized and empowered to adopt and amend local laws imposing in such village a tax, in addition to any other tax authorized and imposed pursuant to this article, such as the legislature has or would have the power and authority to impose upon persons occupying any room for hire in any hotel. For the purposes of this section, the term “hotel” shall mean a building or portion of it which is regularly used and kept open as such for the lodging of guests. The term “hotel” includes an apartment hotel, a motel, a boarding house, and any portion thereof where single rooms or suites of rooms are rented or hired out to be occupied or which are occupied by transient guests who are lodged overnight, with or without meals, for sleeping purposes for compensation, whether the compensation be paid directly or indirectly and shall include those facilities designated and commonly known as “bed and breakfast”, “tourist” and “short term rental” facilities. The rate of such tax shall not exceed four (4%) percent of the per diem rental rate for each room whether such room is rented on a daily or longer basis.

(2) Such taxes may be collected and administered by the chief fiscal officer of the Village of Greenport by such means and in such manner as other taxes which are now collected and administered by such officer or as otherwise may be provided by such local law.

(3) Such local laws may provide that any taxes imposed shall be paid by the person liable therefor to the owner of the room for hire in the tourist home, inn, club, hotel, motel or other similar place of public accommodation occupied or to the person entitled to be paid the rent or charge the room for hire in the tourist home, inn, club, hotel, motel or other similar place of public accommodation occupied for and on account of the Village of Greenport imposing the tax and that such owner or person entitled to be paid the rent or charge shall be liable for the collection and payment of the tax; and that such owner or person entitled to be paid the rent or charge shall have the same right in respect to collecting the tax from the person occupying the room for hire in the tourist home, inn, club, hotel, motel or other similar place of public accommodation, or in respect to nonpayment of the tax by the person occupying the room for hire in the tourist home, inn, club, hotel, motel or similar place of public accommodation, as if the taxes were a part of the rent or charge and payable at the same time as the rent or charge; provided, however, that the chief fiscal officer of the Village, specified in such local laws, shall be joined as a party in any action or proceeding brought to collect the tax by the owner or by the person entitled to be paid the rent or charge.

(4) Such local laws may provide for the filing of returns and the payment of the taxes on a monthly basis or on the basis of any longer or shorter period of time.

(5) This section shall not authorize the imposition of such tax upon any of the following:

a. The state of New York, or any public corporation (including a public corporation created pursuant to agreement or compact with another state or the dominion of Canada), improvement district or other political subdivision of the state;

b. The United States of America, insofar as it is immune from taxation;

c. Any corporation or association, or trust, or community chest, fund or foundation organized and operated exclusively for religious, charitable or educational purposes, or for the prevention of cruelty to children or animals, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting to influence legislation; provided, however, that nothing in this paragraph shall include an organization operated for the primary purpose of carrying on a trade or business for profit, whether or not all of its profits are payable to one or more organizations described in this paragraph; or

d. A permanent resident of a hotel or motel. For the purposes of this section, the term "permanent resident" shall mean a natural person occupying any room or rooms in a hotel or motel for at least ninety consecutive days.

(6) Any final determination of the amount of any tax payable hereunder shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within thirty days after the giving of notice of such final determination, provided, however, that any such proceeding under article seventy-eight of the civil practice law and rules shall not be instituted unless:

a. The amount of any tax sought to be reviewed, with such interest and penalties thereon as may be provided for by local laws or regulations shall be first deposited and there shall be filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services of this state as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the tax confirmed the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding; or

b. At the option of the petitioner, such undertaking may be in a sum sufficient to cover the taxes, interests and penalties stated in such determination plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the petitioner shall not be required to pay such taxes, interest or penalties as a condition precedent to the application.

(7) Where any taxes imposed hereunder shall have been erroneously, illegally or unconstitutionally collected and application for the refund therefor duly made to the proper fiscal officer or officers, and such officer or officers shall have made a determination denying such refund, such determination shall be reviewable by a proceeding under article seventy-eight of the civil practice law and rules, provided, however, that such proceeding is instituted within thirty days after the giving of the notice of such denial, that a final determination of tax due was not previously made, and that an undertaking is filed with the proper fiscal officer or officers in such amount and with such sureties as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the taxes confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of such proceeding.

(8) Except in the case of a willfully false or fraudulent return with intent to evade the tax, no assessment of additional tax shall be made after the expiration of more than three years from the date of the filing of a return, provided, however, that where no return has been filed as provided by law the tax may be assessed at any time.

(9) All revenues resulting from the imposition of the tax under the local laws shall be paid into the treasury of the Village of Greenport and shall be credited to and deposited in the general fund of the Village. Such revenues may be used for any lawful purpose.

(10) Each enactment of such a local law may provide for the imposition of a hotel or motel tax for a period of time no longer than three years from the date of its enactment. Nothing in this section shall prohibit the adoption and enactment of local laws, pursuant to the provisions of this section, upon the expiration of any other local law adopted pursuant to this section.

(11) If any provision of this section or the application thereof to any person or circumstance shall be held invalid, the remainder of this section and the application of such provision to other persons or circumstances shall not be affected thereby.

BILL VOG 05-25

A local law amending and restating Chapter 103 of the Code of the Village of Greenport (the “Code”) and Section 150-11.2 of the Code, in each case, to modify the regulations pertaining to the rental of dwelling units in the Village of Greenport.

Section 1. Recitals, findings and purpose of local law.

WHEREAS, the Village of Greenport is a unique and vibrant community composed of both full-time residents and part-time seasonal homeowners, and the Village recognizes that many properties serve as either principal places of residence or second homes, with second homes varying in their occupancy patterns throughout the year; and

WHEREAS, the Village has a compelling interest in promoting the fullest feasible use of dwelling units as residences—whether by owners or long-term tenants—so as to support local institutions, ensure public safety and emergency response capacity, maintain neighborhood stability, and preserve the overall community character; and

WHEREAS, a growing number of properties have been used primarily or exclusively as short-term rentals, often reducing the availability of long-term housing, increasing rental costs, and leading to the displacement of year-round residents; and

WHEREAS, the Board of Trustees finds that full-time and regularly occupied homes are essential to ensuring that human capital remains available to serve the Village as emergency responders, educators, hospital and healthcare workers, civic volunteers, and other essential contributors to community life; and

WHEREAS, the presence of a stable, year-round residential population is also critical to supporting local businesses, cultural activities, and economic activity beyond the tourist season, thereby preserving the Village’s economic health and identity as a living, working community; and

WHEREAS, short-term rentals, when not appropriately regulated, may introduce transient occupancy patterns, nuisances, and commercial behaviors that are incompatible with the residential character of neighborhoods and that challenge enforcement of health, safety, and zoning regulations; and

WHEREAS, the Board of Trustees acknowledges that some short-term rentals do provide valuable economic support to homeowners and lodging options to visitors, but finds that the unchecked proliferation of such uses has contributed to several adverse community impacts, including but not limited to: (a) a decline in long-term rental housing stock, (b) increased housing unaffordability, (c) speculative and investor-driven home acquisitions, (d) reduced availability of volunteers for community services, and (e) the conversion of residential areas into quasi-commercial zones; and

WHEREAS, the Board of Trustees therefore finds it necessary to establish regulations that (i) prioritize the residential use of homes, (ii) require short-term rentals to occur primarily

in properties that are genuinely and consistently used as residences, and (iii) discourage the circumvention of rental housing and zoning regulations through absentee ownership and commercial exploitation of residential properties; and

WHEREAS, the Board of Trustees finds that these measures are necessary to promote public health, safety, and welfare, preserve the integrity of Village neighborhoods, ensure accountability in property maintenance, and protect the long-term residential character of the Village of Greenport;

NOW, THEREFORE BE IT RESOLVED BY THE VILLAGE BOARD OF TRUSTEES AS FOLLOWS:

Section 2. Amendment of Chapter 103 (Rental Properties). Chapter 103 of the Village Code is hereby amended in its entirety, to read as follows:

CHAPTER 103 (RENTAL PROPERTIES)

103-1 PURPOSE AND INTENT.

- (A) The Board of Trustees of the Village of Greenport hereby finds that it is in the public interest to provide for an orderly process for identifying, registering and regulating rentals within the Village and to ensure that such rentals (i) meet applicable federal, New York State, county and local laws, including the Uniform Code, (ii) do not adversely affect the residential and community character of the Village, (iii) do not create or cause adverse quality of life issues to the surrounding neighborhood due to unreasonable noise, the creation of public health and safety issues associated with traffic and parking congestion or any other nuisance conditions, and (iv) are in accord with the purposes of this law.
- (B) The Board of Trustees of the Village of Greenport recognizes that in some instances the existence of short-term rentals does provide economic support for Village residents who benefit from rental income and that short-term rentals provide lodging options for visitors to the Village that support the local economy. However, the Board of Trustees hereby also finds that the proliferation of short-term rentals in the Village of Greenport has had a significant negative impact on the Village of Greenport community, including, among other things: (i) contributing to a shortage of full-time residential housing in the Village and an increase in market rental rates, (ii) incentivizing property owners to keep rooms and dwelling units vacant for large periods of the calendar year, (iii) leading to the eviction or displacement of long-term residential tenants in order to convert units that have historically provided full time rental housing into short-term rentals, (iv) adversely impacting the amount of housing available to full-time residents of the Village and persons working in the Village, thereby reducing the number of available volunteers for such functions as emergency workers, board members, scouting leaders and athletic coaches, among others, in the Village, (v) reducing the number of bed and breakfast facilities operating within the Village, (vi) adversely impacting the community character of

the Village by introducing a revolving circuit of transient occupants who are not invested in the community and (vii) introducing incompatible commercial activity into residentially zoned districts of the Village.

- (C) The Board of Trustees further finds that in order to minimize the foregoing adverse effects that are associated with short-term rentals, it is necessary to place reasonable restrictions on the ability of owners to utilize dwelling units for short-term rental purposes in order to (1) discourage the negative impacts from commercialization and investor-driven acquisition of dwelling units in the Village as set forth in the intent identified in the findings preceding the adoption of this Local Law 8 of 2025, (2) promote the principal use of dwelling units for residential housing purposes, including, in the case of properties with more than one dwelling unit, maximizing the amount of rental properties available for full-time occupancy by tenants, (3) ensure that the use of a dwelling unit is principally for residential housing purposes and that any use of a dwelling unit for short-term rental purposes is only incidental to the use of such property principally for residential housing purposes, (4) promote accountability of owners in respect of maintenance and operation of properties for short-term rental purposes in order to minimize the negative impacts on community character and health and safety standards and (5) limit the circumvention of local regulations governing rental units in the Village.
- (D) This chapter is intended to adequately address the foregoing findings and intent and to protect the public health, safety, and welfare of the Village of Greenport.
