## AUGUST 2025 REVISIONS

### **BILL VOG 05-25**

A local law amending and restating Chapter 103 of the Code of the Village of Greenport (the "Code") and Section 150-11.2 of the Code, in each case, to modify the regulations pertaining to the rental of dwelling units in the Village of Greenport.

#### **Section 1. Recitals, findings and purpose of local law.**

**WHEREAS**, the Village of Greenport is a unique and vibrant community composed of both full-time residents and part-time seasonal homeowners, and the Village recognizes that many properties serve as either principal places of residence or second homes, with second homes varying in their occupancy patterns throughout the year; and

**WHEREAS**, the Village has a compelling interest in promoting the fullest feasible use of dwelling units as residences—whether by owners or long-term tenants—so as to support local institutions, ensure public safety and emergency response capacity, maintain neighborhood stability, and preserve the overall community character; and

**WHEREAS**, a growing number of properties have been used primarily or exclusively as short-term rentals, often reducing the availability of long-term housing, increasing rental costs, and leading to the displacement of year-round residents; and

**WHEREAS**, the Board of Trustees finds that full-time and regularly occupied homes are essential to ensuring that human capital remains available to serve the Village as emergency responders, educators, hospital and healthcare workers, civic volunteers, and other essential contributors to community life; and

**WHEREAS**, the presence of a stable, year-round residential population is also critical to supporting local businesses, cultural activities, and economic activity beyond the tourist season, thereby preserving the Village's economic health and identity as a living, working community; and

**WHEREAS**, short-term rentals, when not appropriately regulated, may introduce transient occupancy patterns, nuisances, and commercial behaviors that are incompatible with the residential character of neighborhoods and that challenge enforcement of health, safety, and zoning regulations; and

**WHEREAS**, the Board of Trustees acknowledges that some short-term rentals do provide valuable economic support to homeowners and lodging options to visitors, but finds that the unchecked proliferation of such uses has contributed to several adverse community impacts, including but not limited to: (a) a decline in long-term rental housing stock, (b) increased housing unaffordability, (c) speculative and investor-driven home acquisitions, (d) reduced availability of volunteers for community services, and (e) the conversion of residential areas into quasi-commercial zones; and

**WHEREAS**, the Board of Trustees therefore finds it necessary to establish regulations that (i) prioritize the residential use of homes, (ii) require short-term rentals to occur primarily in properties that are genuinely and consistently used as residences, and (iii) discourage the circumvention of rental housing and zoning regulations through absentee ownership and commercial exploitation of residential properties; and

**WHEREAS**, the Board of Trustees finds that these measures are necessary to promote public health, safety, and welfare, preserve the integrity of Village neighborhoods, ensure accountability in property maintenance, and protect the long-term residential character of the Village of Greenport;

**NOW, THEREFORE BE IT RESOLVED BY THE VILLAGE BOARD OF TRUSTEES AS FOLLOWS:**

**Section 2. Amendment of Chapter 103 (Rental Properties).** Chapter 103 of the Village Code is hereby amended in its entirety, to read as follows:

**CHAPTER 103 (RENTAL PROPERTIES)**

**103-1 PURPOSE AND INTENT.**

- (A) The Board of Trustees of the Village of Greenport hereby finds that it is in the public interest to provide for an orderly process for identifying, registering and regulating rentals within the Village and to ensure that such rentals (i) meet applicable federal, New York State, county and local laws, including the Uniform Code, (ii) do not adversely affect the residential and community character of the Village, (iii) do not create or cause adverse quality of life issues to the surrounding neighborhood due to unreasonable noise, the creation of public health and safety issues associated with traffic and parking congestion or any other nuisance conditions, and (iv) are in accord with the purposes of this law.
- (B) The Board of Trustees of the Village of Greenport recognizes that in some instances the existence of short-term rentals does provide economic support for Village residents who benefit from rental income and that short-term rentals provide lodging options for visitors to the Village that support the local economy. However, the Board of Trustees hereby also finds that the proliferation of short-term rentals in the Village of Greenport has had a significant negative impact on the Village of Greenport community, including, among other things: (i) contributing to a shortage of full-time residential housing in the Village and an increase in market rental rates, (ii) incentivizing property owners to keep rooms and dwelling units vacant for large periods of the calendar year, (iii) leading to the eviction or displacement of long-term residential tenants in order to convert units that have historically provided full time rental housing into short-term rentals, (iv) adversely impacting the amount of housing available to full-time residents of the Village and persons working in the Village, thereby reducing the number of available volunteers for such functions as emergency workers, board members, scouting leaders and athletic coaches, among

others, in the Village, (v) reducing the number of bed and breakfast facilities operating within the Village, (vi) adversely impacting the community character of the Village by introducing a revolving circuit of transient occupants who are not invested in the community and (vii) introducing incompatible commercial activity into residentially zoned districts of the Village.

- (C) The Board of Trustees further finds that in order to minimize the foregoing adverse effects that are associated with short-term rentals, it is necessary to place reasonable restrictions on the ability of owners to utilize dwelling units for short-term rental purposes in order to (1) discourage the negative impacts from commercialization and investor-driven acquisition of dwelling units in the Village as set forth in the intent identified in the findings preceding the adoption of this Local Law \_\_ of 2025, (2) promote the principal use of dwelling units for residential housing purposes, including, in the case of properties with more than one dwelling unit, maximizing the amount of rental properties available for full-time occupancy by tenants, (3) ensure that the use of a dwelling unit is principally for residential housing purposes and that any use of a dwelling unit for short-term rental purposes is only incidental to the use of such property principally for residential housing purposes, (4) promote accountability of owners in respect of maintenance and operation of properties for short-term rental purposes in order to minimize the negative impacts on community character and health and safety standards and (5) limit the circumvention of local regulations governing rental units in the Village.
- (D) This chapter is intended to adequately address the foregoing findings and intent and to protect the public health, safety, and welfare of the Village of Greenport.

Each Receiving Party agrees to receive and hold any Confidential Information in strict confidence. Without limiting the scope of the foregoing, each Receiving Party also agrees: (a) to protect and safeguard the Confidential Information against unauthorized use, publication or disclosure; (b) not to reveal, report, publish, disclose, transfer, copy or otherwise use any Confidential Information except as specifically authorized by the Disclosing Party; (c) not to use any Confidential Information for any purpose other than as stated above; (d) to restrict access to Confidential Information to those of its advisors, officers, directors, employees, agents, consultants, contractors and lobbyists who have a need to know, who have been advised of the confidential nature thereof, and who are under express written obligations of confidentiality or under obligations of confidentiality imposed by law or rule; and (e) to exercise at least the same standard of care and security to protect the confidentiality of the Confidential Information received by it as it protects its own confidential information.

If a Receiving Party is requested or required in a judicial, administrative, or governmental proceeding to disclose any Confidential Information, it will notify the Disclosing Party as promptly as practicable so that the Disclosing Party may seek an appropriate protective order or waiver for that instance.

**4.2.
