Inspections must be made by the building department within four (4) months of the issuance of a building permit.

It is the responsibility of the applicant, owner, or contractor to request inspections from the Building Department.

***IF CONSTRUCTION/WORK DOES NOT START WITHIN ONE HUNDRED & EIGHTY (180) DAYS FROM THE DATE THE PERMIT WAS ISSUED, THE PERMIT SHALL BE DEEMED VOID.**

Construction must be completed, and certificate of occupancy must be obtained within twelve (12) months, or the permit may need to be renewed.

The following inspections are required, based on the scope of work performed:

- Foundation 1st
- Foundation 2nd (Footing for decks, patios, swimming pools, spas, etc.)
- Framing
- Strapping
- Rough Plumbing
- Insulation
- Final

Site features may need additional inspections; i.e. drywells, grading, grade stabilization, etc.

After all of the required inspections are completed, a Certificate of Occupancy must be issued prior to occupying the subject building(s).

A separate application for a Certificate of Occupancy/Compliance must be completed.
(FORM-CO1)

The following documents are required to be submitted after all of the work is complete:

- Final Survey (prepared by a NYS Licensed Surveyor) when applicable
- Electrical Certificate of Compliance (Electrical Underwriters Certificate)
- Suffolk County Health Department Approval (if required and/or necessary)
- Plumbers Affidavit (if required and/or necessary)
- Certification of architect or engineer (if required and/or necessary)

The following applies to all new construction:

No building may be used or occupied in whole or in part, until a Certificate of Occupancy shall have been issued by the Code Official.

The following applies to all additions, alterations, etc.:

No building enlarged, extended or altered, or upon which work has been performed, which required a building permit, shall be occupied or used more than thirty (30) days after completion, unless a Certificate of Occupancy shall have been issued by the Code Official.

INSPECTION & CERTIFICATE OF OCCUPANCY INFORMATION SHEET (2/2)

- All debris created by land clearing and during construction must be removed from the property.
- No debris is to be used in backfill of footings and foundation. Debris are NOT permitted to be buried.
- The owner/contractor is responsible for all drainage and flooding issues. The owner/contractor is responsible for runoff water & erosion containment during construction.
- The Building Permit card must be displayed so as to be visible from the street nearest to the site of the work being conducted.
- A set of approved plans must always be kept on the jobsite during construction.
