DUMPSTER PERMIT APPLICATION

A dumpster permit is valid for fourteen (14) days from the date of issue.

A dumpster may be placed on or near a sidewalk, street, road, driveway or alley only if there is no alternative site near the originally specified location. The location and use of a dumpster must cause minimal disruption to the adjacent sidewalk, street or roadway.

No dumpster shall partially or totally block any place of ingress or egress, nor interfere with traffic flow.

Each dumpster must have at least four (4) reflectors total , with one placed on each side of the dumpster. Each reflector must be at least three (3) inches in diameter.

Dumpsters must be properly and promptly emptied by the applicant and under no conditions shall the dumpster be filled beyond its rated capacity. The applicant is responsible for ensuring any debris around the dumpster is properly removed and the area around the dumpster is kept clean.

The applicant acknowledges that the moving or emptying of any container is prohibited between the hours of 8 p.m. and 7 p.m.

Please Note: Any violation of any of the provisions of the dumpster requirements under § 112-1 of the Code of The Village of Greenport (e.g. a dumpster that is blocking access or one that has not been emptied properly), will result in the revocation of the Dumpster Permit and may result in legal action being taken against the applicant and/or carting company.
