MS4 Municipal Compliance Certification(MCC) Form

MCC form for period ending March 9,	2	0	2	0
-------------------------------------	---	---	---	---

Name of MS4 Village of Greenport

SPDES ID

N	Y	R	2	0	A	5	2	8
---	---	---	---	---	---	---	---	---

Each MS4 must submit an MCC form.

Section 1 - MCC Identification Page

Indicate whether this MCC form is being submitted to certify endorsement or acceptance of:

- An Annual Report for a single MS4
- A Single Entity (Per Part II.E of GP-0-10-002)
- A Joint Report

Joint reports may be submitted by permittees with legally binding agreements.

If Joint Report, enter coalition name:

[illegible]

Section 2 - Contact Information

Important Instructions - Please Read

Contact information must be provided for each of the following positions as indicated below:

1. Principal Executive Officer, Chief Elected Official or other qualified individual (per GP-0-08-002 Part VI.J).
2. Duly Authorized Representative (Information for this contact must only be submitted if a Duly Authorized Representative is signing this form)
3. The Local Stormwater Public Contact (required per GP-0-08-002 Part VII.A.2.c & Part VIII.A.2.c).
4. The Stormwater Management Program (SWMP) Coordinator (Individual responsible for coordination/implementation of SWMP).
5. Report Preparer (Consultants may provide company name in the space provided).

A separate sheet must be submitted for each position listed above unless more than one position is filled by the same individual. If one individual fills multiple roles, provide the contact information once and check all positions that apply to that individual.

If a new Duly Authorized Representative is signing this report, their contact information must be provided and a signature authorization form, signed by the Principal Executive Officer or Chief Elected Official must be attached.

For each contact, select all that apply:

- ☒ Principal Executive Officer/Chief Elected Official
- ☐ Duly Authorized Representative
- ☐ Local Stormwater Public Contact
- ☐ Stormwater Management Program (SWMP) Coordinator
- ☐ Report Preparer

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village is a tourist destination with a summer population multiples of the base population. The measurable goal is to expose the tourist population to information regarding our environment and storm water management needs. The Village continues to keep educational pamphlets in high foot traffic public areas for the residents and visitors to take. Pamphlets include Dog Waste, Boater's Guide, Waterfowl Guide and Septic System Fact Sheet.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village stocks three locations with brochures. The brochure holders are regularly checked and restocked as needed. The number of brochures distributed is fairly steady year to year.

C. How many times was this observation measured or evaluated in this reporting period?

			6
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?
☒ Yes ☐ No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
☒ Yes ☐ No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village continues to educate the public on the issues facing surface waters. The Village commenced implementation of a program for education and outreach through the local school. This included distribution of materials to school staff although the contact person in the schools needs to be replaced due to leaving the village.

7. Evaluating Progress Toward Measurable Goals MCM 2

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The measurable goal included not only public meetings but also direct involvement in environmental improvement activities. Village residents continued to participate in village-wide clean-up initiatives, including bagging dog waste, reduction in water fowl presence and cleaning of litter and other human generated waste off of village streets. Many volunteers participated in generally monthly events by removing items that would otherwise find their way to surface waters.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village routinely removes litter and debris from various scheduled volunteer clean-up events. The Village conducts regular patrols at Village parks and often finds bags of garbage that have been collected by volunteer helpers on an informal basis. Additionally, the Doggy-Waste Stations are being used and are regularly restocked at all locations.

C. How many times was this observation measured or evaluated in this reporting period?

		1	2
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

☒ Yes ☐ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

☒ Yes ☐ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to sponsor volunteer clean up activities and the construction of road-end drainage projects. Public involvement will continue to be sought through exchange of information at public meetings.

12. Evaluating Progress Toward Measurable Goals MCM 3

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village's Road Department continues to inspect outfalls on at least an annual basis to determine if illicit discharges are present. The great majority of the storm drainage system runs in the curb line and Street Sweeping events are recorded in a log book with any possible issues noted and brought to the attention of the field supervisor.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Outfall pipes are observed during dry weather to note any unusual flows. This is done both on street level and by boat to directly observe each outfall. "Upstream" portions of the storm water collection system are documented during street sweeping events. The Street Sweeper log is kept in the Street Sweeper and is filled out at the beginning and end of each run. Notes are kept and issues are reported promptly. Inspection reports for each outfall are completed and filed.

C. How many times was this observation measured or evaluated in this reporting period?

		5	6
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

☒ Yes ☐ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

☒ Yes ☐ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will maintain the storm drain marker system for prevention of illicit discharges and will continue monitoring activities for detection of illicit discharges. The drainage system and catchment areas have been mapped and added to the GIS system to allow more efficient storage and retrieval of monitoring information in the future.

7. Evaluating Progress Toward Measurable Goals MCM 4

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village has very few parcels that are an acre or larger. However, all smaller projects are still required to incorporate best practices for preventing construction site soil erosion as part of Building Permit requirements.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Projects are evaluated on a case by case basis. When a project in close proximity to surface waters is submitted to the Building Department erosion control measures are customized and included within the Building Permit requirements.

C. How many times was this observation measured or evaluated in this reporting period?

		1	5
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

☒ Yes ☐ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

☒ Yes ☐ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village continues to use the NYSDEC Design Manual as a measure of acceptable practices for new applications.

6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village has no developments of 1.0 acre or more yet to complete construction. We passed local legislation that mandates owners and operators of any future large sites to enter formal maintenance agreements with the Suffolk County Clerk in the form of deed restrictions on qualifying sites. The measurable goal is to have all future large projects implement and maintain appropriate management practices.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Although we have not yet had any completed projects disturbing land of an acre or more, the Village requires post-construction best management practices for all future projects of 1.0 acre or more.

C. How many times was this observation measured or evaluated in this reporting period?

			0
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?
☒ Yes ☐ No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?
☒ Yes ☐ No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village implemented legislation to govern this type of development and will conduct inspections to verify maintenance activities. A new GIS system is being implemented and future post construction BMPs will be added to the GIS together with inspection reports.

Minimum Control Measure 6. Stormwater Management for Municipal Operations

The information in this section is being reported (check one):

☒ On behalf of an individual MS4

☐ On behalf of a coalition

How many MS4s contributed to this report?

--	--	--

1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The measurable goal is to minimize the impact of municipal operations on surface water quality and soil erosion. Measurable activities include lack of use of chemical fertilizers, protection of stored road salt, effectiveness of basin cleaning and frequent road sweeping activities, frequency of staff training and increase of stormwater recharge from road runoff.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Debris is removed from catch basins and Street Sweeping is implemented frequently which has resulted in very little debris entering water ways. The Village does not use chemical fertilizers, pesticides or herbicides and maintains effective materials storage with no releases at all village facilities. Staff training activities are performed cyclically as appropriate. The Village is also near completion on three rain gardens at road ends to reduce the impact of road run off into adjoining waterways. A street cleaning contract to perform deep cleaning of business structures.

C. How many times was this observation measured or evaluated in this reporting period?

		3	9
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

☒ Yes ☐ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

☒ Yes ☐ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village conducted staff training during this reporting cycle. 100% of relevant employees have been trained.

1. Does your MS4/Coalition have an education program addressing impacts of phosphorus/nitrogen/pathogens on waterbodies?

☐ Yes ☒ No ☐ N/A

2. Has 100% of the MS4/Coalition conveyance system been mapped in GIS?

☐ Yes ☐ No ☒ N/A

If N/A, go to question 3.

If No, estimate what percentage of the conveyance system has been mapped so far.
